

Long Term Care Billing Manual

Date: 9/15/2023

Version 7.02

Review and Revision History

Version #	Date	Description	Author
v1.00	07/17/2009	Initial Manual Creation	Curtis Brown
v2.00	09/24/2009	Updated per Comment Log	Curtis Brown
v2.01	10/20/2009	Revisions per comment Log	Kisha Logan
v2.02	11/23/2009	Revisions per Comment Log	Kisha Logan
v2.03	04/16/2010	Revisions per quarterly review	Shelia Dean
V2.04	05/28/2010	Added out-of-state prior authorization requirement	Shelia Dean
V2.05	10/08/2010	Revisions per quarterly review	Shelia Dean
V2.06	10/21/2011	Updated DHCF address	Shelia Dean
V2.07	05/02/2012	Updated IMA and ACS name change Updated type of bill instructions	Shelia Dean
V2.08	05/11/2012	Added Payment Adjustment for Provider-Preventable Conditions in accordance with Transmittal #12-10	Shelia Dean
V2.09	09/07/2012	Updated 1445 resubmission process	Shelia Dean
V2.10	12/20/2012	Updated timely filing changes	Shelia Dean
V3.00	10/01/2013	Updated DHCF address	Shelia Dean
V3.01	01/20/2014	Updated prior authorization contact information	Shelia Dean
V3.02	03/18/2014	Added bed hold days reimbursement policy for out-of-state nursing facilities	Shelia Dean
V3.03	04/17/2014	Added timely filing rules for TPL	Shelia Dean
V3.04	07/02/2014	Added TPL reimbursement information	Shelia Dean
V3.05	07/30/2015	Updated out-of-state placement procedures from Transmittal #15-23	Shelia Dean
V3.06	09/23/2015	Added ICD10 claim instructions	Shelia Dean
V3.07	04/19/2016	Added adjustment reason code 132	Shelia Dean
V3.08	07/12/2016	Added telemedicine service information per Transmittal #16-21	Shelia Dean
V3.09	10/10/2016	Added program integrity information per DHCF	Shelia Dean
V4.00	01/11/2017	Updated Conduent name change, and provider enrollment contact information	Shelia Dean
V4.01	03/15/2017	Updated source of admission codes	Shelia Dean
V4.02	04/25/2017	Updated out-of-state nursing facility placement and review procedures from Transmittal #17-09	Shelia Dean
V4.03	06/12/2017	Added verbiage about black and white claim forms	Shelia Dean
V4.04	06/14/2017	Corrected timely filing rules for resubmitted claims	Shelia Dean
V4.05	08/07/2017	Updated adjustment/void instructions	Shelia Dean
V4.06	08/18/2017	Updated Procedures for recertifications and out-of-districts placements from Transmittal #17-19	Shelia Dean
V4.07	01/11/2018	Updated per DHCF request	Shelia Dean
V4.08	02/08/2018	Added new LTC payment & billing information	Shelia Dean
V4.09	02/23/2018	Removed Section 6.5 Authorized Signature	Nikole Ferguson

V5.00	07/22/2018	Updated EDI web address	Shelia Dean
V5.01	12/31/2018	Updated hospice billing instructions per Transmittal #18-32	Shelia Dean
V5.02	05/22/2019	Updated Qualis name change and contact information	Shelia Dean
V5.03	06/18/2019	Updated per request of DHCF	Shelia Dean
V5.04	11/13/2019	Added contact information for submitting prior authorization requests	Shelia Dean
V5.05	04/02/2020	Updated rates for behaviorally complex special need and bariatric special needs	Shelia Dean
V5.06	09/14/2020	Updated telemedicine services according to "Notice of Final Rulemaking – Vol.67/No.34, August 14, 2020"	Shelia Dean
V5.07	09/24/2020	Added revisions per DHCF request	Shelia Dean
V5.08	10/22/2020	Added location of the DHCF Nursing Facility Cost Report Instruction Manual	Shelia Dean
V5.09	03/18/2021	Corrected telephone number for Department of Disability Services	Shelia Dean
V6.00	08/18/2021	Added Form 1445 information. Updated Out-of-District Placement Procedures per Transmittal #19-04. Updated Prescription Order Form	Shelia Dean
V6.01	11/12/2021	Added revenue code for room & board semi-private two bed – general classification	Shelia Dean
V6.02	1/10/2022	Updated crossover pricing logic	Shelia Dean
V6.03	1/13/2022	Added additional RUG code information per Transmittal #17-33	Shelia Dean
V6.04	5/6/2022	Added verbiage on submitting claim refunds	Shelia Dean
V6.05	5/23/2022	Updated language access vendor contact information	Shelia Dean
V6.06	6/7/2022	Added definition for dual eligible	Shelia Dean
V6.07	10/19/2022	Added revisions per DHCF request	Shelia Dean
V6.08	1/31/2023	Updated telemedicine billing instructions according to Transmittal #23-11	Shelia Dean
V6.09	2/16/2023	Corrected adjustment/void instructions	Shelia Dean
V7.00	4/12/2023	Updated managed care organization	Shelia Dean
V7.01	9/6/2023	Updated verbiage for ventilator services Added information regarding the Optional State Assessment per Transmittal #23-40	Shelia Dean

V7.02	9/16/2023	Updated covered, noncovered services and provider types	Shelia Dean

1 General Information

This section of the District of Columbia Medicaid Provider Manual presents a general overview of the purpose and organization of the manual. Information about the maintenance and distribution of the manual is also included.

1.1 Purpose of the Manual

The purpose of this manual is to provide a general overview and serve as a reference guide for healthcare providers who participate in the District of Columbia (DC) Medicaid Program. Please be advised that this is not intended to be a comprehensive documentation of policies and procedures. The procedures in this manual include specific instructions to file claims for reimbursement and document medical records.

1.2 Policy

Providers are responsible for adhering to the requirements set forth in this manual. The requirements are generated from Federal regulations and the interpretation of these regulations specific to the District and its policy.

1.3 Maintenance

The fiscal agent will maintain this manual with information supplied by the Department of Health Care Finance (DHCF). When a revision occurs, the updated manual will be available to the providers by the fiscal agent via the Web Portal at www.dc-medicaid.com. It is the responsibility of the DC Medicaid provider to review the revisions to the manual and ensure that the policies and procedures are followed.

1.4 Distribution

This manual is available via the Web Portal at www.dc-medicaid.com to all providers who participate in the DC Medicaid Program.

1.5 Organization

When a revision occurs to any part of this manual, the revised manual will be posted on the Web Portal at www.dc-medicaid.com. Outdated copies of material should be discarded.

Other information that might be helpful when using this manual includes:

- “His” refers to both genders throughout the manual.
- Terms used throughout this manual are defined in Section 3.0-Glossary.
- Addresses and telephone numbers referenced throughout this manual are included in Appendix A (Address and Telephone Directory).

1.6 DHCF Website

To obtain additional Medicaid provider services information, please visit the DHCF Website at www.dhcf.dc.gov.

1.7 Web Portal

The DC Medicaid Web Portal is available to offer online assistance to providers on day-to-day issues. Some of the features included on the Web Portal are:

- Bi-monthly bulletins and transmittals
- Provider Type Specific Billing Tips

- Provider Type Specific FAQ (Frequently Asked Questions)
- Provider Type Specific Forms
- Provider Type Specific Policies
- Provider Training Modules and Computer Based Training (CBT)
- Latest News/What's Hot
- Online Claim and Prior Authorization submission
- Remittance Advice Retrieval
- Beneficiary Eligibility Verification

Access to the DC Web Portal is available 24 hours a day, 7 days a week, 365 days a year. Bookmark the DC Web Portal address of <http://www.dc-medicaid.com> in your browser Favorites the first time you visit the site so you can quickly return again and again.

1.8 Fiscal Agent

The Department of Health Care Finance (DHCF) presently works in conjunction with a contracted fiscal agent, Conduent, to provide accurate and efficient claims processing and payment. In addition, both organizations work together to offer provider support to meet the needs of the District of Columbia's Medicaid community.

The fiscal agent consists of technical and program staff. Technical staff maintains the claims processing operating system, and program staff with the processing of claims and customer service. Other functions include drug rebate analysis and utilization review. The DHCF and the fiscal agent have several systems in place to make contacting our offices easier for the provider.

1.8.1 Telephone Contact

The fiscal agent provides telephone access to providers as shown below. These services include lines for provider inquiries, automated eligibility verification, prior authorizations, payment statuses and assistance with electronic claim submittal. Our call centers are open Monday through Friday, 8 am-5 pm EST. The Interactive Voice Response (IVR) system is available 24 hours a day, 7 days a week, 365 days a year. The website includes a listing with the name and telephone number of the provider representative assigned to your specific area.

Table 1: Contact List

Conduent Provider Inquiry PO Box 34734 Washington, DC 20043-4734	(202) 906-8319 (inside DC metro area) (866) 752-9233 (outside DC metro area) (202) 906-8399 (Fax) providerinquiry@conduent.com
Conduent EDI Gateway Services	(866) 407-2005 http://edisolutionsmmis.portal.conduent.com/gcro/

1.8.2 Mailing Contact Information

Providers may contact the fiscal agent via mail at the addresses listed in Appendix A. These post office boxes as listed in Appendix A should be used for paper claim submittals, adjustment and void requests, provider services, and administrative correspondence.

2 Introduction

The following subsections provide information regarding the DC Medicaid Program.

2.1 District of Columbia Medicaid Program

The DC Medicaid Program is a federally assisted, District-operated program designed to provide comprehensive medical care and services of a high quality at public expense to all eligible residents of the District of Columbia. The DC Medicaid Program, as mandated by the United States Congress, permits eligible individuals the freedom of choice in the selection of a provider of healthcare services who has agreed to the conditions of participation by applying and being accepted as a provider of services.

2.2 Legal Authority

The regulations that govern the DC Medicaid Program are contained in Title XIX of the Social Security Act, 42 U.S.C. 1396, (et seq.) and authorized by enabling legislation P.L. 90-227, 12/27/67.

2.3 Administration

The Department of Health Care Finance (DHCF) is the single state agency responsible for administering the DC Medicaid program.

2.4 Covered Services

The following services, when rendered by eligible providers to eligible beneficiaries, are covered by DC Medicaid:

- Dental
- Doula
- Early and Periodic Screening, Diagnosis, and Treatment (EPSDT)
- Emergency Services
- Family Planning
- Gender Identity Surgery
- Home and Community Based Services
- Home Health Care
- Hospice
- Inpatient Hospital
- Intermediate Care Nursing Facility (ICF)
- Intermediate Mental Disorder (IMD)
- Laboratory and X-Ray
- Lactation Consultant
- Long Term Acute Care Facility (LTAC)
- Managed Care
- Medical Clinic (hospital and free-standing)
- Medical Day Treatment
- Medical Equipment, Supplies, Prosthesis, Orthotics, and Appliances
- Non-Emergency Transportation Service
- Nurse Practitioner (Midwives, CRNA)
- Optometry
- Organ Transplant (heart, kidney, liver, lung, bone marrow, allogeneic bone marrow)
- Osteopathy
- Out-of-District Services
- Pediatric Palliative Care

- Personal Care
- Pharmacy
- Physician
- Podiatry
- Psychiatric Residential Treatment Facility
- Psychologist
- Skilled Care Nursing Facility (SNF)
- Telemedicine

The DHCF pays for covered services rendered out-of-District borders to eligible District beneficiaries, if any of the following circumstances exist:

- The services are rendered by an enrolled provider in the DC Medicaid Program
- The beneficiary requires emergency medical care while temporarily away from home.
- The beneficiary would be risking his health if he waited for the service until he returned home.
- Returning to the District would endanger the beneficiary's health.
- Whenever it is general practice for beneficiaries in an area of the District to use medical resources in a neighboring state
- DHCF decides, based on the attending physician's advice, that the beneficiary has better access to the type of care he needs in another state.

More detailed information regarding the program, its policies and regulations is available from DHCF. Please refer to the Medicaid State Plan and State Plan Amendments available on the DHCF Website at www.dhcf.dc.gov for a complete listing of covered Medicaid services.

2.5 Non-Covered Services

Based on the policies established by DHCF, certain services are not covered by the DC Medicaid Program:

- Patient convenience items
- Meals for family members
- Cosmetic surgery directed primarily at improvement of appearance
- Experimental procedures
- Items or services which are furnished gratuitously, without regard to the individual's ability to pay and without expectation of payment from any source, (i.e., free health screenings)
- Abortions (exceptions include rape, incest, or danger to mother's life)
- Acupuncture
- Chiropractor
- Experimental drugs
- Infertility treatment
- Sterilizations for persons under the age of 21
- Services that are not medically necessary

This list is only an example of the services not covered and should not be considered a complete list. Please refer to the Medicaid State Plan and State Plan Amendments available on the DHCF Website at www.dhcf.dc.gov for a complete listing of non-covered Medicaid services.

2.6 Inquiries

To receive information about the District of Columbia Medicaid Program, contact the DC Medicaid fiscal agent, Conduent. Addresses and telephone numbers are included in Appendix A.

3 Health Information Technology (HIT) Healthcare Reform

The Health Information Technology (HIT) Program Management Office (PMO) at DHCF is aligned with the Health Care Reform & Innovation Administration (HCRIA) and is a resource for both state programs and other public and private users of health information, providing planning, coordination, policy analysis and the development of public/private partnerships for further adoption and integration of health IT in the District of Columbia.

HIT has been proven to have a measurable impact on patient health outcomes, improving provider efficiency and continuity of care delivery. The HIT PMO supports health IT policy and planning, the adoption and use of electronic health records (EHR), and the secure exchange of health information, for the benefit of health care providers, patients, and their families. Additionally, the HIT PMO supports the promotion of technology that can lead to care delivery innovation and reform.

The HIT PMO will take a lead role in identifying how electronic health information can be used to improve clinical quality by integrating it into existing program initiatives.

Key HIT goals include:

- Improving provider, patient and DHCF access to clinical information to enhance care delivery. Better information to support clinical decisions by providers increases the probability of quality outcomes for consumers while reducing costs.
- Improving health outcomes by supporting and expanding use of electronic care management tools.
- Improving data capture and analysis, clinical oversight, reporting and transparency through HIT for organizations which finance health care, including government, private employers, and managed care organizations.

3.1 Health Information Exchange

Through its HIE Policy Board, DHCF is convening stakeholders to assess how DHCF can best facilitate HIE in the District. HIE infrastructure provides the technology, processes, and operations needed to facilitate exchange of health information between provider organizations, District agencies responsible for public and population health, and other stakeholders on behalf of patients. Many organizations within the District have invested in health information technology solutions to support the electronic documentation and management of patient health information. This data is increasingly captured in a structured format utilizing national standards. As patients seek and receive care at multiple organizations, HIE can support the ability to have a more comprehensive understanding of patient health to provide care more effectively.

3.1.1 HIE Services

- **Direct Secure Messaging:** Direct is an easy-to-use, fast, and secure electronic communication service for clinical providers and others who regularly transmit and/or receive protected health information (PHI). Direct looks and operates like email, but with security features such as point-to-point encryption required for PHI. Direct is not a brand name or a company, Direct is a transmission standard developed by the Office of the National Coordinator for Health Information Technology (ONC). DHCF contracts with Orion Health for its Direct. Orion Health is one of the world's most widely deployed HIE companies. Direct is the primary way providers will be notified of a patient encounter.
- **Encounter Notification Service* (ENS):** Providers can receive alerts on a selected panel of patients who are admitted, discharged, or transferred to/from acute care hospitals located in the District of Columbia and Maryland.

- **Provider Query Portal***: Access to real time clinical information including lab results, radiology reports and discharge summaries.
- **Encounter Reporting Service*** (ERS): Reports to hospitals on utilization trends across multiple independent facilities.

*Offered in conjunction with CRISP, the state designated HIE in Maryland.

3.1.2 Partnership with Department of Health

DHCF and the Department of Health (DOH) collaborated on a series of upgrades to DOH's public health reporting infrastructure. The purpose of these upgrades was to offer providers and hospitals the means to electronically report public health data to the city in accordance with Stage 2 Meaningful Use incentives. The types of reporting that were enabled included immunization data, cancer registry, syndromic surveillance (sometimes referred to as bio-surveillance) and electronic laboratory data reporting.

4 DC MEDICAID MANAGED CARE

DHCF implemented a Managed Care Program in the District to help provide quality care to DC Medicaid beneficiaries in a more economical manner. This section briefly explains this program. If you are interested in becoming a participant, contact DHCF at the address and number listed in Appendix A.

4.1 Program Overview

The DC Medicaid and Alliance Managed Care programs were developed to improve access to primary and preventive services while reducing the overall cost of care provided to DC Medicaid and Alliance enrollees. The reductions in cost result from changes in the behavior of patients who can develop stable and continuous relationships with primary care providers (PCP).

The services offered to all Medicaid managed care enrollees include:

- Access to consistent primary, preventive, and special care services
- 24-hour availability of nurse hotline to provide immediate access to health advice and/or access to urgent medical care.
- Freedom of choice to obtain Medicaid covered services from any in-network provider. Timely and appropriate access to services in accordance with professionally accepted standards of care
- Access to Care coordination and Case Management services that will strengthen and improve the overall health, educational, and social services; and
- Access to behavioral health, dental, vision, and transportation services (emergency and non-emergency)

The DC Medicaid and Alliance Managed Care programs seeks to optimize the investment in health care for managed care enrollees, which is particularly important in these times of fiscal austerity. Managed Care is one of the few ways of keeping costs under control and providing quality health care.

DHCF also implemented the Child and Adolescent Supplemental Security Income Program (CASSIP). CASSIP is a voluntary program for children and young adults, ages 0 thru 26 that have complex medical needs and eligible for Supplemental Security Income (SSI) or have SSI-related diagnoses that meet Social Security Administration's (SSA) medical disability criteria. Health Services for Children with Special Needs, Inc. (HSCSN) is currently the District's contractor that serves this population.

The services available to all CASSIP enrollees include, but not limited to:

- An assigned Care Manager
- Respite Care (168 hours every 6 months)
- Home Modifications (medically necessary)
- Adaptive equipment and supplies
- Orthodontic care
- Home Health/Personal Care Assistant services
- Feeding management programs
- Psychiatric Residential Treatment Facility (PRTF) and Psychiatric sub-acute care (for defined population)
- Long term medical care
- Intermediate Care Facility for Mental Retardation (ICF-MR)
- Behavioral Health rehabilitation services (day treatment programs)

---	----------------

4.2 Participants

The DC Medicaid Program serves an excess of 250,000 District of Columbia residents. Two-thirds of this population is enrolled in the Managed Care Program. The remaining third of the beneficiaries are enrolled in the Fee-for-Service Program. Members of eligible populations reside in all eight of the District's wards. Over half of the eligible population resides in Wards 4, 7 and 8 of the eastern part of the city. Eligible managed care enrollees shall be required to select a primary care provider within ten (10) days of becoming eligible for the program. If they do not select a primary care provider, they shall be assigned to one.

4.3 Providers

Eligible providers can be prepaid plans; public health clinics owned or operated by the District, hospital outpatient clinics, certain community health centers, and federally qualified health centers (FQHC) or physicians in private practice. To be eligible, a provider must agree to comply with certain federal and District requirements, must meet the district's requirements for the practice of medicine and/or for the operation of a prepaid plan or health care facility and must be enrolled as a DC Medicaid provider. Payment for services can be on a fee-for-service basis, a capitated basis for prepaid plans or alternative payment models.

4.4 Special Requirements for Managed Care Organizations

In addition to executing a provider application, a MCO or other pre-paid health plan must sign a contract, renewed annually, with the DC Medicaid Program to enroll Medicaid beneficiaries.

Individuals eligible to enroll in managed care fall under the following categories:

- Medicaid (TANF-TANF related),
- Children's Health Insurance Program (CHIP)
- Childless Adults
- Immigrant Children Program (ICP) and
- Alliance

4.5 Quality Assurance Program for DC Medicaid Managed Care

DHCF is responsible and accountable for all quality improvement activities as outlined in the department's Quality Strategy. Components of this Quality Strategy include at a minimum all requirements as outlined in The Centers for Medicare and Medicaid Services (CMS) Medicaid and CHIP Managed Care Final Rule (CMS 2390-F). DHCF is also responsible for tracking and monitoring provider utilization and quality of care standards. Providers are responsible for participating in quality improvement activities to promote improved quality of care, experience of care and decreased cost as outlined by the DHCF. DHCF is responsible for monitoring, analyzing, and distributing information related to quality improvement activities and providing support to implementation of continuous quality improvement activities.

5 PROVIDER PARTICIPATION INFORMATION

This section of the manual provides information regarding enrollment of providers to participate in the DC Medicaid Program.

5.1 Participating Provider

A participating provider is a person, institution, or organization who has an executed provider agreement with DHCF. To participate in the DC Medicaid Program, providers must adhere to the guidelines established by DHCF and outlined in the individual provider agreements.

5.2 Provider Types

The following types of providers qualify for Medicaid program enrollment consideration:

- Alcohol and Substance Abuse Clinic
- Ambulance Transportation
- Ambulatory Surgery Center
- Audiologist
- Birthing Center
- Clinic (Public/Private)
- Community Residential Facility
- DC Public Chartered Schools
- Dental Clinic
- Dentist
- Doula
- Durable Medical Equipment Supplier
- Federal Qualified Health Clinic
- Freestanding Radiology
- General Hospital
- Hearing Aid Dispenser
- Hemodialysis Center – Freestanding
- Home Health Agency
- Hospice
- Independent Lab/X-ray
- Licensed Independent Social Workers
- Nurse Practitioner Group
- Psychologists
- Telemedicine
- LTAC Hospital
- MCO (Managed Care Organization)
- Mental Health Clinic
- Mental Health Rehab Services (MHRS)
- Nurse Practitioner
- Nursing Facility
- Optician
- Optometrist
- Pediatric Palliative Care
- Pharmacy
- Licensed Marriage and Family Therapists
- Physician DO
- Physician MD
- Podiatrist
- Psychiatric Residential Treatment Facility
- Psychiatric Hospital Private
- Psychiatric Hospital Public
- Waiver (Elderly and Physically Disabled (EPD), Individual with Developmental Disabilities (IDD))
- Physician Group
- Personal Care Aide (PCA)
- Psychosocial Rehabilitation Services (Clubhouse)
- Physician Assistant
- Recovery Support Services

5.3 Eligibility Requirements

Providers shall meet the following certification requirements to be considered for participation in the DC Medicaid Program. Requirements differ based on provider type and/or location as noted below:

5.3.1 District Providers

Providers licensed in the District of Columbia are eligible to request consideration for participation in the DC Medicaid program if the practice address is located within the geographic boundaries of the District of Columbia.

5.3.2 Out-of-District Providers

Providers whose practice address is located outside of the geographic boundaries of the District of Columbia are eligible to request consideration for participation in the DC Medicaid program if licensed in the state of the practice address.

5.3.3 Group Practice Providers

Licensed, registered, and/or certified businesses that have multiple members, who are registered to do business in the District of Columbia, are eligible to request consideration for participation in the DC Medicaid through a group practice.

When a group practice has been approved for participation, the group will be assigned a provider number. Payment for services rendered by all members of the group will be made under this number. Every member in the group must also be enrolled in DC Medicaid and have signed an individual Provider Agreement. A provider number will also be assigned to each member in the group to indicate which member is rendering the service.

For each new member the group wants to add, an enrollment package must be obtained, completed, and submitted to Maximus. Maximus will notify applicants in writing whether they have been approved for participation in the DC Medicaid Program.

5.3.4 Health Facilities

Licensed and certified health facilities are eligible to request consideration for participation in the DC Medicaid Program. In the case of new facilities or new services, acquisition of a certificate of need from the Health Reimbursement Arrangement (HRA) will also be required.

5.4 Application Procedures

To become a DC Medicaid provider, an applicant may submit an enrollment application online at www.dcpdms.com. Applicants also shall be subject to screening through any of the following:

- Ownership and Financial Disclosures
- Criminal Background Checks
- Fingerprinting; and/or
- Pre and Post Enrollment Site Visits

To access the online application, go to the "Provider" section of the Web Portal located in the left navigational pane and select the "Enroll Online" hyperlink. [Note: All required documents as indicated by provider type must be received by Conduent' Provider Enrollment Department to complete the application package. Online applicants must indicate the correspondence and application tracking numbers on all documents submitted to Conduent.] Documents are to be mailed to Conduent at the address indicated in Appendix A.

DHCF shall revalidate all enrolled suppliers of DME/POS every three (3) years, and all other Medicaid providers every five (5) years, in accordance with 42C.F.R. § 455.414. The dates for revalidation of enrollment shall be calculated beginning on the date that the Director of DHCF, or a designee, signs the Provider Agreement.

DHCF shall review an Applicant's signed and finished Application within thirty (30) business days from the date it was received by DHCF. DHCF shall return a provider application package to the Applicant when DHCF determines the provider application package to be incomplete or to contain incorrect information. DHCF shall allow resubmission for incomplete or incorrect information a maximum of two (2) times within the same twelve (12) month period.

An Applicant shall be classified according to the following risk categories:

- High (subject to the screening requirements described in § 9404).
- Moderate (subject to the screening requirements described in § 9405); or
- Limited (subject to the screening requirements described in § 9406).

Providers or suppliers who are classified as "Moderate Risk" or "High Risk" shall be required to attend an orientation session before signing the Medicaid Provider Agreement.

5.4.1 How Track the Status of Your Enrollment Application

- Log into your account in the www.dcpdms.com Web Portal
- On your Provider Management Home page, you can view the "status" of your application in the "My Provider" section. See example below.

My Providers									
Provider	Status	Provider Type	NPI	Medicaid ID	Specialty	Location	Effective Date	Submit Date	Re-Enrollment Due Date
DC DDS	Approved	IDDD Waiver			Case Management	20007 - 3717		09/22/16	
Dietician	Approved	IDDD Waiver		111114028	Employment Readiness	20007 - 3717	09/22/16	09/22/16	09/22/19
Test DDS Deny	Denied	IDDD Waiver			Case Management	20007 - 3717		09/22/16	

- If you have any questions or concerns, please contact MAXIMUS Provider Customer Service at 844-218-9700 TTY 844-436- 8333 (Monday – Friday 8:00am- 5:00pm)

5.4.2 Screening Providers or Suppliers Classified As "High Risk"

Pursuant to 42 C.F.R. § 455.450, the following provider and supplier types shall be classified within the "High Risk" category:

- Home Health Agencies ("HHAs") and
- Durable Medical Equipment, Prosthetics, Orthotics, and Supplies ("DMEPOS") suppliers.

Screening for providers or suppliers classified as "High Risk" shall include the following:

- Verification that the provider or supplier meets requirements set forth in the D.C. Health Occupations Revision Act of 1985, as amended, effective March 25, 1986 (D.C. Law 6-99; D.C. Official Code § 3-1201.01 et seq.) and implementing rules, as well as all other applicable Federal and District laws and regulations.
- Verification of appropriate licensure, including licensure in states other than the District, in accordance with 42 C.F.R. § 455.412.
- Both pre- and post-enrollment database checks to ensure the provider or supplier continues to meet the enrollment criteria that corresponds to its provider or supplier type, in accordance with 42 C.F.R. § 455.436.
- On-site visits conducted in accordance with 42 C.F.R. § 455.432.
- Criminal background checks, pursuant to 42 C.F.R. § 455.434; and
- Submission of fingerprints, pursuant to 42 C.F.R. § 455.434, for all providers or individuals who maintain a five percent (5%) or greater ownership interest in the provider or supplier.

5.4.3 Screening Providers or Suppliers Classified As "Moderate Risk"

Pursuant to 42 C.F.R. § 455.450, the following provider and supplier types shall be classified within the "Moderate Risk" category:

- Community Mental Health Centers ("CMHCs").
- Hospices.
- Home and Community Based Services ("HCBS") Waiver providers.
- Intermediate Care Facilities for Individuals with Intellectual Disabilities ("ICFs/IID"); and
- Pharmacies.

Screening for providers or suppliers classified as "Moderate Risk" shall include the following:

- Verification that the provider or supplier meets requirements set forth in the D.C. Health Occupations Revision Act of 1985, as amended, effective March 25, 1986 (D.C. Law 6-99; D.C. Official Code § 3-1201.01 et seq.) and implementing rules, as well as all other applicable Federal and District laws and regulations.
- Verification of appropriate licensure, including licensure in states other than the District, in accordance with 42 C.P.R. § 455.412.
- Both pre- and post-enrollment database checks to ensure the provider or supplier continues to meet the enrollment criteria that corresponds to its provider or supplier type, in accordance with 42 C.P.R. § 455.436; and
- On-site visits conducted in accordance with 42 C.P.R. § 455.432.

5.4.4 Screening Providers or Suppliers Classified As "Limited Risk"

Pursuant to 42 C.P.R. § 455.450, any provider or supplier not designated as "Moderate Risk" or "High Risk" under §§ 9405 and 9404, shall be classified within the "Limited Risk" category. Screening for providers or suppliers classified as "Limited Risk" shall include the following:

- Verification that the provider or supplier meets requirements set forth in the D.C. Health Occupations Revision Act of 1985, as amended, effective March 25, 1986 (D.C. Law 6-99; D.C. Official Code § 3-1201.01 et seq.) and implementing rules, as well as all other applicable Federal and District laws and regulations.
- Verification of appropriate licensure, including licensure in states other than the District, in accordance with 42 C.P.R. § 455.412; and
- Both pre- and post-enrollment database checks to ensure the provider or supplier continues to meet the enrollment criteria that corresponds to its provider or supplier type, in accordance with 42 C.P.R. § 455.436.

5.4.5 Crossover Only Providers

Providers who are interested in rendering to QMB beneficiaries must enroll in the DC Medicaid program. The enrollment process involves completing a provider application and submitting all required documents, including all applicable licenses and/or certifications, a W-9 form, and the Medicaid provider agreement. Please note that participation in this program is limited to rendering services to QMB enrollees only.

5.4.6 Ordered or Prescribed Services

DC Medicaid will pay for compensable services or items prescribed or ordered by a practitioner only if they are ordered within the scope of DC Medicaid regulation and good medical practice. Items prescribed or ordered solely for the patient's convenience or that exceed medical needs are not compensable. Payment may not be made for items or services prescribed or ordered by providers who have been terminated from the DC Medicaid Program.

5.5 Enrollment Application Approval

MAXIMUS will notify applicants by emailing a Welcome Letter when the provider is approved for participation in the DC Medicaid program. The Welcome Letter is issued to the provider's primary contact email address (or correspondence address, if a paper application submitted).

The Welcome Letter notifies the provider of the nine-digit Medicaid Provider ID that is used to submit claims. After the provider is approved, billing instructions and forms are available on the Medicaid Web Portal at www.dc-medicaid.com.

A provider who has been approved is eligible to be reimbursed only for services furnished on or after the effective date of the enrolled provider's executed agreement with DHCF and only for eligible services. The effective date is determined by the date the application is approved except in extenuating circumstances.

6 REGULATIONS

The regulations that govern the DC Medicaid Program are contained in Title XIX of the Social Security Act, 42 U.S.C. 1396, (et seq.) and authorized by enabling legislation P.L. 90-227, 12/27/67. The Department of Health Care Finance (DHCF) is the single state agency responsible for administering the Medicaid program.

An overview of the regulations governing provider activities follows.

6.1 Beneficiary Freedom of Choice of Providers

A beneficiary may obtain services from any institution, agency, and pharmacy, medical professional or medical organization that has an agreement with DHCF to provide those services. Therefore, there will be no direct or indirect referral arrangements between physicians and other providers of health care services, which might interfere with a beneficiary's freedom of choice. This is not intended to prohibit a physician from recommending the services of another provider, but does prohibit automatic referrals between providers, which could interfere with the beneficiary's freedom of choice.

6.2 Discrimination

Federal and District of Columbia regulations require that all programs receiving Federal and local assistance comply fully with Title VI of the Civil Rights Act of 1964 and Section 504 of the Rehabilitation Act of 1973 and the regulations at 45 CFR Parts 80 and 84. DHCF ensures that no individual shall be subjected to discrimination under this plan on the grounds of race, color, national origin, or handicap.

6.3 Interrelationship of Providers

Providers are prohibited from referring or soliciting beneficiaries directly or indirectly to other providers for financial consideration. Providers are also prohibited from soliciting, receiving, or offering kickbacks; payments, gifts, bribes, or rebates for purchasing; leasing, ordering, arranging for, recommending purchasing, leasing; ordering for goods, facilities, or items for which payment is made through the DC Medicaid Program. This does not preclude discounts or other reductions in charges by a provider to a practitioner for services such as laboratory and X-ray, if the price is properly disclosed and appropriately reflected in the costs claimed or charges made by a practitioner.

6.4 Record Keeping

Providers shall retain for a minimum of ten (10) years (unless otherwise specified), medical and fiscal records that fully disclose the nature and extent of the services rendered to beneficiaries. These records must meet all the criteria established by federal and District regulations. Providers shall make such records readily available for review and copying by District and Federal officials or their duly authorized agents. The term "readily available" means that the records must be made available at the provider's place of business. If it is impractical to review records at the provider's place of business, upon written request, the provider must forward without charge, the original records, or facsimiles. If DHCF terminates an agreement with a provider, the records relating to services rendered up to the effective date of the termination remain subject to the requirements stated in this manual.

6.4.1 Medical Records

Providers who have examined, diagnosed, and treated a beneficiary, shall maintain individual beneficiary records that include, but are not limited to the following:

- Are legible throughout and written at the time services are rendered.
- Identify the beneficiary on every page.

- Are signed and dated by the responsible licensed provider. Stamped signatures will not be accepted. All care by ancillary personnel must be countersigned by the responsible licensed provider. Any alterations to the record must be signed and dated.
- Contains a preliminary working diagnosis as well as final diagnosis, including elements of a history and physical examination upon which the diagnosis is based.
- Document in compliance with the service definitions and descriptions found in Physicians' Current Procedural Terminology (CPT), ICD-9/10, HCPS, CTD, Axis I
- Reflect treatments as well as the treatment plan.
- List quantities and dosages of drugs or supplies prescribed as part of the treatment and wellbeing of the patient.
- Indicate the progress of the beneficiary at every visit, the change of the diagnosis, the change of treatment, and the response to the treatment.
- Contain summaries of all referrals, hospitalizations, and reports of operative procedures
- Contains the results of all diagnostic tests and reports of all consultations.
- Reflect the disposition of the case.

6.4.2 Cost Reporting

Each participating facility shall submit an annual cost report to the Medicaid Program within ninety (90) days of the close of the provider's cost reporting period, which shall be concurrent with its fiscal year used for all other financial reporting purposes. The following provider types participating in the DC Medicaid program must submit annual cost reports.

- Intermediate Care Facilities
- DC Public Schools
- DC Chartered Schools
- Federally Qualified Health Centers
- Hospitals
- Long Term Care Facilities

A delinquency notice shall be issued if the provider does not submit the cost report on time and has not received an extension of the deadline for good cause. If the cost report is not submitted within thirty (30) days of the date of the notice of delinquency, twenty percent (20%) of the facility's regular monthly payment shall be withheld each month until the cost report is received.

Cost reports shall be properly completed in accordance with program instructions and forms and accompanied by supporting documentation required by the Medicaid Program. All cost reports shall cover a twelve (12) month cost reporting period, which shall be the same as the facility's fiscal year, unless the Medicaid Program has approved an exception.

Each facility shall maintain sufficient financial records and statistical data for proper determination of allowable costs.

Each facility's accounting and related records including the general ledger and books of original entry, and all transaction documents and statistical data, are permanent records and shall be retained for a period of not less than five (5) years after the filing of a cost report or until the Notice of Final Program Reimbursement is received, whichever is later.

6.4.3 Fiscal Records

Providers shall retain for a minimum of 10 years all fiscal records relating to services rendered to and not limited to DC Medicaid beneficiaries. This may include, but is not limited to, purchase invoices, prescriptions, the pricing system used for services rendered to patients who are Medicaid eligible, and payments made by third-party payers.

6.4.4 Disclosure of Information

Records and information acquired in the administration of any part of the Social Security Act are confidential and may be disclosed only under the conditions prescribed in the rules and regulations of the Department of Health and Human Services and the DC Medicaid program.

6.4.5 Penalties for Non-Compliance

DHCF may terminate agreements with providers who fail to maintain and provide medical and fiscal records as described in the Provider Agreement. If a District or Federal review shows that DHCF paid for services that a provider failed to document as required by the provider's agreement, said provider can be subject to termination pursuant to DC Medicaid rules and regulations.

If DHCF finds, prior to paying a claim, that service is not fully documented by the provider (cited in provider's medical records), payment shall not be made.

6.5 Division of Program Integrity

DHCF ensures the integrity of the Medicaid program and seeks to identify and reduce waste, fraud, and abuse in the use of Medicaid funds through the activities carried out by the Division of Program Integrity (DPI). The purposes of program oversight are to safeguard against unnecessary, inappropriate, and/or fraudulent use of Medicaid services, identify excessive or inaccurate payments to providers, and ensure compliance with the applicable Medicaid laws, regulations, and policies. The two primary branches of the DPI are the Investigations Branch and the Surveillance/Utilization Branch.

The Investigations Branch is responsible for conducting investigations of alleged violations of policies, procedures, rules, or laws. Complaints may originate from the Office of the Inspector General, the Fraud Hotline, Agency staff, facilities and/or health care practitioners, the public, data analysis, or other sources. Allegations of a criminal nature are referred to the appropriate law enforcement entity. When necessary, the Investigations Section works closely with the District of Columbia Medicaid Fraud Control Unit (MFCU) and other federal or local law enforcement.

The Surveillance/Utilization Branch reviews providers' patterns of care delivery and billing, reviews patterns of beneficiary resource utilization, undertakes corrective actions when needed, and educates providers on relevant laws, regulations, and other program requirements. Specifically, the Surveillance/Utilization Branch conducts audits and reviews of providers suspected of abnormal utilization or billing patterns within the District of Columbia's Medicaid program, recovers overpayments, issues administrative sanctions, and refer cases of suspected fraud for criminal investigation.

Pursuant to the authority set forth in §1902(a) (30) of the Social Security Act, 42 C.F.R. § 455, and 42 C.F.R. § 456, and in conjunction with 29 DCMR § 1300, et seq. and 1900, et seq., the DHCF has established procedures for reviewing the utilization of, and payment for, all Medicaid services. Accordingly, providers are required, upon request, to provide DHCF, designated DHCF agents, the Department of Justice, or the Secretary of Department of Health and Human Services with medical records. In addition, providers must fully cooperate with audits and reviews made by DHCF or their designee to determine validity of claims or the medical necessity of services rendered by the provider. Any of the above entities have the right to request complete information about the ownership of any contractor with whom the provider has had business transactions. In addition, requests may be made about significant business transactions between the provider and any wholly owned supplier, or subcontractor, during the ten (10) year period from the date of the request. This information must be supplied within 35 days of request.

The reviews involve the utilization of, and payment for, all Medicaid services and may include, but are not limited to the following:

- **Desk Audit-Review** – An audit or review conducted at the Division of Program Integrity. A notification letter with a request for records may be sent to the provider and requires the provider

to submit copies of the requested records, if necessary. Audit staff may conduct provider and/or provider personnel interviews by phone. Some examples of desk audits and reviews are clinical reviews, pharmacy third party liability (TPL) audits; hospital outpatient claims audits, hospital credit balance reviews, unit of service limitation reviews, and audits of claims submission patterns.

- **Onsite/Field Audit** – An audit conducted at a provider's place of business. A letter of "intent to audit" or a notification letter can be provided by the Division of Program Integrity auditor(s) to the provider prior to the onsite visit, or when the auditor(s) arrives at the place of business, giving the provider information concerning the audit. Audit staff will make copies of the provider's records when onsite, review provider's billing protocols, and interview the provider and/or provider personnel.

Provider audits may be announced or unannounced. If announced, the Division of Program Integrity will send intent to audit/notification letter to the provider announcing the audit and the time frame of the audit.

When possible, the Division of Program Integrity will coordinate with the provider to minimize inconvenience and disruption of health care delivery during the audit. Providers can prepare by doing the following:

- Provide a temporary workspace for the auditor(s) within reasonable proximity to the office staff and records. Since many of the original documents and records the auditor(s) will need to examine are located at the local department level, the auditor(s) will need a temporary work area with adequate space and lighting. The amount of time needed for the auditor(s) to be physically present at the provider's location will vary from audit to audit.
- Provide a current organization chart of the provider's area of responsibility. This and other information will assist the auditor(s) in gaining an understanding of the provider's administrative structure, nature of its operations and familiarity with its employees.
- Have a designated individual (Clinical Manager, Clinical Administrator, or Administrative Staff Person) available to assist the auditor(s).
- Have all documentation to support billing and reimbursement readily available for the reviewer.
- Have copies of current business license(s) and professional healthcare licenses of all pertinent staff available for the auditor(s).

The auditor(s) analysis of the provider's operation may require that several of the provider's employees at various levels be asked to explain the organization process. In addition to examining hard copy records, it may be necessary for the auditor(s) to make photocopies, and/or obtain samples, of key documents of the provider's files. The confidentiality of records reviewed during the audit (i.e.: payroll data, personnel record details and contractor agreement details, etc.) will be maintained by the auditor(s).

Once the review of provider information and records is completed, the provider is mailed a draft audit report/preliminary clinical review notice. The provider is given 30 days to respond to the draft audit report/preliminary clinical review notice. Once the draft audit/preliminary clinical review notice response time is expired or dispute process is completed, a final audit report/clinical overpayment notice is sent to the provider. This audit report/notice contains the final overpayment amount and additional directives for the provider.

Some audits, specifically those audits which do not require obtaining records from a provider may result only in an overpayment notice being issued to the provider. This notice contains the overpayment amount and additional directives to the provider.

Providers will normally have 30 days (depending on the category of service being delivered and the specific regulations that govern that service) from receipt of the draft audit report or preliminary clinical review notice to dispute the draft audit or preliminary clinical review findings. Providers must submit the dispute in writing, include what findings they are contesting, and supply documentation to support their position.

Providers have 15 days from receipt of the final audit report/clinical review overpayment notice to request an administrative hearing/appeal of the final audit findings. Providers must submit the request in writing, including the basis for contesting the audit, and including a copy of the final audit report. The written request must be served in a manner which provides proof of receipt and must be sent to:

Office of Administrative Hearings
441 4th Street, NW
Suite 450 - North
Washington, DC 20001-2714

There are several Federal government audit/review and program integrity initiatives administered by the Centers for Medicare and Medicaid Services (CMS) or CMS contractors and may include the Office of Inspector General (OIG). District of Columbia's Medicaid providers may receive notification letters and record requests from CMS contractors advising them they have been selected for an audit or review. These audits or reviews could involve the following programs or contractors:

- **Payment Error Rate Measurement (PERM)** measures improper payments (errors) in Medicaid and the Children's Health Insurance Program (CHIP). The PERM program measures improper payments in Medicaid and CHIP and produces error rates for each program. The error rates are based on reviews of the fee-for-service (FFS), managed care, and eligibility components of Medicaid and CHIP in the fiscal year (FY) under review. It is important to note that the error rate is not a "fraud rate" but simply a measurement of payments made that did not meet statutory, regulatory, or administrative requirements.
- **Audit Medicaid Integrity Contractors** are entities with which CMS has contracted to conduct post-payment audits of Medicaid providers. The overall goal of the provider audits is to identify overpayments and to ultimately decrease the payment of inappropriate Medicaid claims. At the direction of CMS, the Audit MICs audit Medicaid providers throughout the country. The audits ensure that Medicaid payments are for covered services that were provided and properly billed and documented. Audit MICs perform field audits and desk audits.
- **Recovery Audit Contractors** are entities which are required by Section 6411(a) of the Affordable Care Act and contracted through the State Medicaid Agency to audit claims for services furnished by Medicaid providers. These Medicaid RACs must identify overpayments and underpayments.

6.6 Utilization Review

In accordance with Section 1902 (a) (30) of the Social Security Act, DHCF has established procedures for reviewing the utilization of, and payment for, all Medicaid services. Accordingly, providers are required, upon request, to provide DHCF, designated DHCF agents, the Department of Justice, or the Secretary of Department of Health and Human Services with medical records. In addition, providers must fully cooperate with audits and reviews made by DHCF or their designee to determine validity of claims or the medical necessity of services rendered by the provider.

Any of the above entities have the right to request complete information about the ownership of any contractor with whom the provider has had business transactions. In addition, requests may be made about significant business transactions between the provider and any wholly owned supplier, or subcontractor, during the ten (10) year period from the date of the request. This information must be supplied within 35 days of request.

6.7 Consequences of Misutilization and Abuse

If routine utilization review procedures indicate that services have been billed for are unnecessary, inappropriate, contrary to customary standards of practice, or violate Medicaid regulations, the provider will be notified in writing. The provider may need to explain billing practices and provide records for

review. Providers will be required to refund payments made by Medicaid if the services are found to have been billed and been paid by Medicaid contrary to policy, the provider has failed to maintain adequate documentation to support their claims or billed for medically unnecessary services.

Quality Assurance Program for DC Medicaid Managed Care

DHCF is responsible and accountable for all quality assurance activities implemented by the Department's Quality Assurance Program. Components of this Quality Assurance Program are as follows:

- DHCF's internal quality assurance plan will include the tracking and monitoring of provider utilization, the monitoring of program goals and objectives and fraud surveillance.
- Quality Improvement Organization (QIO) contracted with DHCF to perform retrospective claim audit, pre-authorization of specific services and review of DRG outliers.
- External Auditor contracted with DHCF to conduct quality review surveys of the DC Medicaid Program

The process of quality assurance is not complete without the documentation and dissemination of findings and results. All entities both internal and external to the Department are charged with scrutinizing the quality of health care rendered to Medicaid beneficiaries. All providers participating in the DC Medicaid Program are required to comply with the reporting standards established by the Department. Participating providers shall receive periodic reports detailing quality assurance findings. Action shall be taken against providers that fall outside the norm and cannot provide adequate explanation of these deviations.

6.8 Consequences of Fraud

If an investigation by DHCF shows that a provider submitted false claims for services not rendered or aided another in submitting false claims for services not rendered, DHCF will initiate payment suspension and/or termination proceedings pursuant to DC Medicaid regulations. In addition to administrative action, the case record will be referred to the Office of Inspector General for further review and criminal prosecution under District and Federal law. Sanctions for criminal violations will be imposed pursuant to District and Federal law.

6.9 Reporting Fraud, Waste, and Abuse

DHCF is committed to the investigation, prevention, and detection of provider and beneficiary fraud and/or abuse in the Medicaid program. Any related allegations, information, or concerns can be reported to DHCF, Division of Program Integrity at the following contacts:

Department of Health Care Finance
Division of Program Integrity
441 Fourth Street, NW Washington, D.C. 20001
Telephone Number: 202 698-1718

Hotline Phone Number: 877-632-2873
<https://www.dc-medicaid.com/dcwebportal/nonsecure/reportFraud>

7 Language Access

The Language Access Program is housed under the District of Columbia Office of Human Rights (OHR). It exists to eliminate language-based discrimination, enabling DC residents, workers, and visitors to receive equivalent information and services from the DC government, regardless of what language they speak. The Program's scope includes all District agencies that meet the public, and it supports these agencies in providing translation and interpretation services for customers who are limited or non-English proficient (LEP/NEP). The Language Access Program organizes its work into four areas: enforcement, compliance monitoring, technical assistance, and community engagement.

- **Enforcement:** Individuals who believe their language access rights have been violated may file a complaint with OHR. The Program Director personally manages language access complaints and issues written findings after the investigations. The Program Director also works with agencies found in non-compliance to implement corrective actions.
- **Compliance Monitoring:** While the Program covers all District agencies that engage residents, workers, and visitors, it provides additional support to those agencies with major public contact (see "Laws and regulations" for more information on this distinction). With more potential exposure to the LEP/NEP population, agencies with major public contact have extensive language access responsibilities, which are reflected in the applicable laws and regulations. Program staff hold agencies accountable to these directives by monitoring each agency's compliance with them. Staff builds agency capacity for compliance through the development of attainable two-year action plans known as Biennial Language Access Plans (BLAPs). Agencies report quarterly on their BLAPs' progress, and Program staff review these reports. Program staff summarize their findings at the end of each fiscal year in the Annual Compliance Report.
- **Technical Assistance:** Program staff support all District agencies that offer language access services as needed. In addition to responding to individual inquiries from agency members, Program staff regularly provides training on compliance requirements and cultural competency. Staff additionally engage in issue-specific consultations and perform supplemental functions as necessary.
- **Community Engagement:** To ensure that LEP/NEP residents, workers, and visitors are aware of their language access rights, the Language Access Program conducts outreach in conjunction with community-based organizations that serve immigrant needs. In addition to tabling at events, Program staff regularly delivers "Know Your Rights" trainings. Staff also works closely with members of the DC Language Access Coalition as well as the Consultative Agencies to disseminate information about the Program and create platforms for feedback on the District's translation and interpretation services. Staff also respond directly to inquiries from members of the public on matters related to language access.

7.1 Laws and Regulations

DC's Language Access Program began with the passage of the Language Access Act of 2004. This Act established the Program at the Office of Human Rights, identified covered entities, and enumerated their responsibilities, stipulated requirements for meeting these responsibilities, and outlined mechanisms for compliance monitoring and enforcement. You can view the full text of the Language Access Act of 2004, as updated in 2014, below.

- **DC Language Access Act of 2004 -**
<https://ohr.dc.gov/sites/default/files/dc/sites/ohr/publication/attachments/LanguageAccessActof2004-English.pdf>
- **Language Access Regulations -**
<https://ohr.dc.gov/sites/default/files/dc/sites/ohr/publication/attachments/FINAL%20REGULATION%20-%20October%202014.pdf>

The provider network supports DHCF in this effort by adhering to their contractual agreement as specified in section R3. R3 states the following:

Title VI of the Civil Rights Act of 1964 and 45 CFR 84.52(5)(d) requires that all patients receive the same level of care and service regardless of limited or no English proficiency (LEP) or limited or no hearing ability. All providers serving Medicaid beneficiaries are responsible for ensuring interpreter services are available for patients who need them. Federally Qualified Health Centers (FQHCs), hospitals, and other inpatient facilities must have their own interpreter services available for LEP or hearing impaired/deaf patients. Smaller, independent providers with no direct affiliation with such facilities may be eligible to request an interpreter through the Department.

7.2 Coordinating Translation Services

All providers serving Medicaid beneficiaries are responsible for ensuring translations and interpreter services are available for patients who need them. Effective April 7, 2022, Department of Health Care Finance (DHCF) has a new language access and interpretive services contractor, ContextGlobal, Inc.

7.2.1 Interpreter/Communication Access Real-Time (CART) Services Request Form

Please complete and submit the Interpreter Services request form for face-to-face interpretive services to DHCF via fax at 202-722-5685.

Please allow 5-7 business days for approval. If your request is outside of this time, there is no guarantee that an interpreter will be available. However, urgent requests may be fulfilled depending on an interpreter's availability.

For MCO Enrollees: Providers should follow the guidelines established by the enrollees' managed care organization (MCO) for receiving authorization for interpretive services. Please contact below the appropriate MCO for more information:

- AmeriHealth Caritas DC Provider Services: 202-408-2237 or 1-888-656-2383
- Amerigroup DC Provider Services: 202-548-6700
- Health Services for Children with Special Needs (HSCSN) Provider Services: 202-467-2737
- MedStar Family Choice DC Provider Services: 1-855-798-4244
- UnitedHealthcare Community Plan DC Provider Services: 1-888-350-5608

8 ADMINISTRATIVE ACTIONS

The following administrative actions can be taken in response to provider misutilization or fraud and abuse (additional information is available at 29 DCMR § 1300, *et seq.*):

8.1 Recoupment

If a provider has billed and been paid for undocumented or unnecessary medical services, DHCF will review the claims and determine the amount of improper payment. The provider will be required to either submit payment or provide repayment through future claims. An appeal by a provider is not a sufficient reason to postpone restitution procedures. In addition, the provider is prohibited from billing the beneficiary for amounts the provider is required to repay.

8.2 Termination

A Provider Agreement can be terminated due to, but not limited to, the following:

- Non-compliance with promulgated regulations of DC Medicaid
- Demonstrated ability to provide services, conduct business, and operate a financially viable entity.
- Suspension or termination from Medicare or Medicaid programs within the United States
- Conviction of a Medicaid-related criminal offense
- Disciplinary action entered on the records of the state or District licensing or certifying agency.
- Has had a controlled drug license withdrawn.
- Has refused to permit duly authorized District or Federal representatives to examine medical or fiscal records.
- Has dispensed items or services to excess that could be harmful, grossly inferior in quality, or delivered in an unsanitary manner in an unsanitary environment.
- Has falsified information related to a request for payment.
- Has knowingly accepted Medicaid reimbursement for services provided to beneficiaries who have borrowed or stolen Medicaid identification cards.

8.2.1 Notification

When a Provider Agreement is terminated, the provider will receive a Notice of Termination from DHCF. The notice will include the reason for the action, the effective date of the action, and the repercussions for the action. Upon notification of termination, the provider may submit all outstanding claims for allowable services rendered prior to the date of termination. These claims must be submitted within 45 days of the effective date of the termination.

In addition, upon termination of the Provider Agreement, Medicaid may release all pertinent information to:

- The Centers for Medicaid and Medicare Services
- District, State, and local agencies involved in providing health care.
- Medicaid agencies are located in other states.
- State and county professional societies
- General public

8.2.2 Consequences of Termination

Upon termination, the provider will be prohibited from receiving payment, either directly or indirectly, from DC Medicaid. This includes payment for professional or administrative services through any group practice, medical, clinic, medical center, individual provider, or other facility.

8.3 Appeal Process

A provider may request a formal review if he disagrees with a decision made by DHCF. 29 DCMR 1300 governing appeals filed by providers are cited in the Provisions for Fair Hearings, DC Code Title 4-210.1 - 4-210.18. Areas that may be appealed include, but are not limited to, the following:

1. Appeals regarding denial of payment for unauthorized services.
2. Appeals regarding termination of a provider agreement.
3. Appeals regarding denial of enrollment as a provider in the DC Medicaid or Waiver Programs.

Written requests for appeals must be sent to the address in Appendix A. Appeals regarding termination of the Provider Agreement must be sent in writing to the address listed in Appendix A. A copy of all appeals must be sent to DHCF at the address in Appendix A.

8.4 Reinstatement

The provider must send a written request to the DHCF to be considered for reinstatement. This written request should include statements from peer review personnel, probation officers (where applicable), or professional associates on the provider's behalf. In addition, the provider should include an individual statement of request for reinstatement. All documentation must be sent to DHCF at the address listed in Appendix A.

8.4.1 Criteria for Reinstatement

The DHCF will take the following into consideration when a provider has made a request for reinstatement:

- Severity of the offense
- Negative licensure action
- Court convictions that are Medicaid-related
- Pending, unfulfilled claims or penalties

9 BENEFICIARY ELIGIBILITY

This subsection provides an overview of beneficiary eligibility.

9.1 Eligibility Determination

The Department of Health Care Finance Medicaid Branch (DHCF) determines beneficiary eligibility for the DC Medicaid Program.

The Office of Information Systems (OIS) operates the District of Columbia Access System (DCAS), which determines and tracks eligibility, providing integrated automated support for several District of Columbia programs, including Medicaid. The DCAS eligibility information is directly linked to the Interactive Voice Response (IVR), making it readily available to providers.

9.2 Individual Eligibility

Individuals may be eligible for DC Medicaid by either qualifying under a “categorically needy” program or by meeting the conditions to be considered “medically needy”. Categorically needy programs include Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), and refugee programs. Medically needy beneficiaries are those who do not qualify for cash benefits under a categorical program but meet the criteria to qualify as a medically indigent Medicaid beneficiary. The DC Medicaid Program does not cover medically indigent persons who are not eligible under a category that entitles receipt of federal financial participation. Following is a more specific list of groups eligible in the DC Medicaid Program:

1. Persons determined to be eligible for a grant through the TANF program.
2. Pregnant (medically determined) women who would be eligible for TANF if the child were born and living with the mother.
3. Pregnant women and infants up to one year of age with family incomes up to 185% of the federal poverty level
4. Persons who are age sixty-five or over, blind, or disabled, and who receive Supplemental Security Income (SSI) grants.
5. Person who are sixty-five or over or disabled and who meet more restrictive requirements than SSI.
6. Persons who would qualify for SSI except for certain Social Security cost-of-living increases.
7. Persons in medical facilities who, if they left such facilities, would qualify for SSI except for income.
8. Persons who have become ineligible for Medicaid who are enrolled in an HMO that is qualified under Title XIII of the Public Health Service Act
9. Persons who would be eligible for TANF if their work-related childcare costs were paid from earnings rather than by a government agency.
10. Children in licensed foster care homes or private childcare institutions for whom public agencies are assuming financial responsibility.
11. Children receiving subsidized adoption payments.
12. Persons who receive only a supplemental payment from the District
13. Certain disabled children aged eighteen (18) or under who live at home but would be eligible if they lived in a medical institution.
14. Pregnant women and children up to age five who are under 100% of the federal poverty level.

9.3 Eligibility Identification

It is the responsibility of the provider to always verify that the patient is eligible for Medicaid before rendering services.

9.3.1 Medical Assistance Card

When first determined eligible, each Medicaid beneficiary receives a paper Medical Assistance Card from the Economic Security Administration containing his name, social security number, date of birth, sex, and an eight-digit identification number, which may include two leading zeroes.

If the beneficiary has provided this information to the eligibility-determining agency, a provider should ask the beneficiary if he has other health insurance coverage not shown on the card. The provider is obligated to determine that the person to whom care is being rendered is the same individual listed on the eligibility card.

(202) 727-5355 to change your address (or report
other changes)
para cambiar su dirección (o
informarnos de otros cambios)

The back of the Medical Assistance Card provides information to the beneficiary that gives specific information relevant to its use.

9.3.2 Notice of Presumptive Eligibility

To encourage greater participation in obtaining prenatal care, DHS clinics and Federally Qualified Health Centers (FQHCs) are authorized to determine pregnant women temporarily (presumptively) eligible for Medicaid while DCAS determines her ongoing Medicaid eligibility. The temporary eligibility will allow immediate receipt of all Medicaid-covered ambulatory services that are related to pregnancy and the patient will be issued a dated Notice of Presumptive Eligibility, a copy of which follows.

A District of Columbia Identification Number (DC ID#) will be established / issued no later than fourteen days from the date of the Notice by ESA. The Interactive Voice Response (IVR) will then respond, "Medicaid Eligible," and claims may be submitted to the fiscal agent. The address is listed in Appendix A.

If you have questions concerning claim submission, please contact the Provider Relations Department at the fiscal agent; questions regarding eligibility determinations should be directed to the Income Maintenance Administration. The addresses and telephone numbers are included in Appendix A.

9.3.3 Office of the Health Care Ombudsman and Bill of Rights

An "ombudsman" is a person who investigates problems, makes recommendations for solutions, and helps solve the problem. The District of Columbia's Office of the Health Care Ombudsman and Bill of Rights is here to:

- Help beneficiaries understand their healthcare rights and responsibilities.
- Help solve problems with healthcare coverage, access to healthcare and issues regarding healthcare bills.
- Advocate for beneficiaries until their healthcare needs are addressed and fixed.
- Guide beneficiaries towards the appropriate private and government agencies when needed.
- Help beneficiaries in the appeals process.
- Track healthcare problems and report patterns in order to improve what is causing the problems.

The Office of the Health Care Ombudsman and Bill of Rights is an important source of help for any Medicaid beneficiary. In fact, it can help any DC resident with health insurance issues, including people with Medicare, or health insurance. The Office of Health Care Ombudsman and Bill of Rights may be contacted at (877) 685-6391.

9.4 Provider Responsibility

The provider is responsible for the following eligibility verification activities.

9.4.1 Eligibility Verification

It is the responsibility of the provider to ensure the patient is DC Medicaid eligible on the date of service. If a provider supplies services to an ineligible beneficiary, the provider cannot collect payment from DC Medicaid. The provider should verify:

- Beneficiary's name and identification number
- Effective dates of eligibility
- Services restricted to specified providers.
- Third-party liability

The provider must verify the beneficiary's eligibility by calling the Interactive Voice Response (IVR) using a touch-tone telephone (telephone number included in Appendix A) and supplying the beneficiary identification number found on the beneficiary's ID card. Beneficiary eligibility may also be verified online via the Web Portal at www.dc-medicaid.com. The IVR and Web Portal receive eligibility information from ACEDS, which is operated by the Office of Information Systems.

9.4.2 Third-Party Liability

Since DC Medicaid is a payer of last resort, the provider must bill other resources first. Third-party liability (TPL) identifies primary payer resources outside of DC Medicaid who should be billed for the services (i.e., Workmen's Compensation, CHAMPUS, Medicare, private insurance carriers, etc.). Some Third-Party Liability terms are defined as:

- Lien - is put in place to protect Medicaid's interest in the beneficiary's former home and its rights to recover Medicaid spending that result in settlements from inquiries that involve lawsuits.
- Subrogation – notice sent out of intent to collect a debt.
- Notice of other insurance – is sent when the beneficiary has an insurance policy other than Medicaid. This will not result in loss of Medicaid benefits.
- Estate – property owned by a Medicaid beneficiary that can result in Medicaid placing a lien against it to insure the reimbursement of Medicaid funds after the beneficiary's death.

When payment or denial of payment from the third party has been received, all documentation related to the action must be attached to the claim when billing DC Medicaid for a service. It is incumbent on the provider to discover if the beneficiary has other resources. Information about TPL must be entered on the claim form and should be kept in the patient's records.

In subrogation cases, DHCF should be notified. All recoveries should be turned over to DHCF immediately to offset payments already made by DHCF on behalf of the beneficiary.

9.4.3 Medicaid Beneficiary Restriction Program

DHCF may restrict a DC Medicaid beneficiary to one designated primary care provider and to one designated pharmacy, when there is documented evidence of abuse or misutilization of services. For the purposes of this program, a primary care provider is a health care practitioner who takes responsibility for the continuous care of a patient, preventive as well as curative. Primary care providers are internists, family practitioners, general practitioners, pediatricians, health maintenance organizations, comprehensive neighborhood health centers, etc.

9.4.4 Qualified Medicare Beneficiary (QMB)

Qualified Medicare Beneficiaries (QMBs) are persons who are entitled to Medicare Part A, are eligible for Medicare Part B, and have an income below 100% of the federal poverty level are determined to be eligible for QMB status by their state Medicaid agency. Medicaid pays only the Medicare Part A and B premiums, deductibles, co-insurance, and co-payments for QMBs. Medicaid does not cover dental services or non-covered Medicare services.

9.4.4.1 Qualified Medicare Beneficiary Program

The Qualified Medicare Beneficiary (QMB) Program is a Federal benefit administered at the State level. The District of Columbia reimburses providers for Medicare part A and Part B deductibles and coinsurance payments up to the Medicaid allowed amount for clients enrolled in the QMB program.

Figure 3: QMB Medical Assistance Card – Front Image

Figure 4: QMB Medical Assistance Card – Back Image

With this card, you are entitled to have Department of Health Care Finance pay for your MEDICARE Part A and B premiums, deductibles, and co-insurance for all Medicare-covered services.

Show this card to your health care provider whenever you show your Medicare card.

It is against the law for this card to be used by or for anyone except the person whose name is printed on the front of the card.

Should you have any questions regarding the QMB benefit including pharmacy, please call GW Counseling Center on (202) 739-0668, the Health Care Ombudsman on 1-877-685-6391 or MEDICARE on 1-800-633-4227. Providers please call (202) 698-2000 for any questions you may have regarding billing or eligibility.

9.4.4.2 Billing for Services Provided to QMB's

All Medicare physicians, providers, and suppliers who offer services and supplies to QMBs must be aware that they may not bill QMBs for Medicare cost-sharing. This includes deductible, coinsurance, and copayments, known as "balance billing." Section 1902(n)(3)(B) of the Social Security Act, as modified by Section 4714 of the Balanced Budget Act of 1997, prohibits Medicare providers from balance billing QMBs for Medicare cost sharing. QMBs have no legal obligation to make further payment to a provider or Medicare managed care plan for Part A or Part B cost sharing.

Providers who inappropriately bill QMBs for Medicare cost-sharing are subject to sanctions.

9.4.4.3 Balance Billing of QMBs is prohibited by Federal Law

Under current law, Medicare providers cannot balance bill a QMB. Section 1902(n)(3)(B) of the Social Security Act, as modified by Section 4714 of the Balanced Budget Act of 1997, prohibits Medicare providers from balance billing QMBs for Medicare cost-sharing. Refer to <https://www.cms.gov/Outreach-and-Education/Medicare-Learning-Network-MLN/MLNMattersArticles/Downloads/SE1128.pdf> for additional information.

Specifically, the statute provides that the Medicare payment and any Medicaid payment are considered payment in full to the provider for services rendered to a QMB.

9.5 Form 1445

The 1445 form, also known as the Statement of Patient Liability, received from ESA and/or DHCF, is a document that represents a patient's managed care status, the type of facility the patient has been admitted to and/or discharged from and any payment due from the recipient. The data from this form generates the lock-in span.

LTC providers must confirm that the lock-in span has been added/updated on the recipient file as part of the eligibility verification process before submitting claims.

10 CLAIMS PROCESSING PROCEDURES

To ensure that the DC Medicaid claim is processed according to DC Medicaid policy, an advanced Medicaid Management Information System (MMIS) has been developed to adjudicate and price claims. This chapter outlines the claims process.

10.1 Receive and Record

Claims are received by the fiscal agent in one of two media types: paper or electronic. Paper claims are handwritten or generated by computer. Standardized forms have been developed for the submission of services for payment. Standardization ensures appropriate entry and formatting of claims. For information regarding obtaining claim forms refer to section 9.1.

DC providers have the option of billing via Web Portal, EDI (Electronic Data Interchange) or paper. WINASAP is software that has been developed by the fiscal agent to give DC Medicaid providers the capability for accelerated submission of Medicaid claims. DC providers may also submit electronic claims by utilizing billing agents, clearinghouses, or other third-party billing software. Submitting claims electronically drastically reduces the time required for Medicaid claims to be prepared for the Medicaid Management Information System (MMIS). Electronic submission eliminates the process of document preparation, mailing, claims receipt, and data entry. Using electronic submission, claims are transmitted directly to EDI or received in electronic format, then uploaded to the MMIS the same day of receipt. Hard copy claims are received in the mailroom where they will undergo a review process.

10.2 Review

After hard copy claims have been received, they are reviewed for essential data. If essential data is missing, the claims will be returned to the provider (RTP). A claim will be rejected if any of the following situations occur:

- Original provider signature is missing (stamped signatures are not acceptable)
- Provider Medicaid identification number is missing.
- Beneficiary Medicaid identification number is missing.
- Claim submitted on an unaccepted claim form (older claim form version). [Note: DC Medicaid accepts CMS1500 (08/05), 2006 ADA Dental, and UB04 claim forms.]
- Writing not legible

Any claim that is RTP'd will be accompanied by an RTP letter. If the claim was submitted as a paper, the original claim can be corrected. If the claim was originally submitted electronically, it can be resubmitted electronically or be transferred to paper for resubmission.

10.3 Transaction Control Number

The transaction control number (TCN) is a unique tracking number assigned to each accepted claim. Rejected claims, submitted hard copy (Refer to the above Section 8.2 for list of reasons for claim rejection reasons) or electronically are not assigned a TCN until all errors have been corrected and resubmitted. If the claim was submitted as a hard copy, the original claim can be corrected. If the claim was originally submitted electronically, it can be resubmitted electronically or transferred to paper for resubmission.

The TCN consists of 17 numeric digits. The TCN structure is as follows:

Figure 5: TCN Structure

20021	1	0123	000001	7
Julian Date (YYDDD)	Media Type (By Value)	Batch Number (By Position)	Document Number	TCN Type (By Value)
	1 = Web	1 = Machine number		0 – 4 = PBM
	2 = Electronic Crossover	2 - 4 = Assigned batch		5 - 6 = Available
	3 = Electronic Submitted Claim			7 = Original
	4 = System Generated			8 = Credit (void)
	5 = Web w/attachment			9 = Debit
	6 = Special Batch			(adjustment)
	7 = Retro-rate			
	8 = Paper			
	9 = Paper w/attachment			
	0 = Encounter			

10.4 Input

Claims that have been accepted and have received a TCN are sent to data entry. After data entry operators have keyed these claims, the MMIS starts the editing process. If edits appear, the resolutions unit then works them. Edits give operators the opportunity to correct errors. The claims are then entered into the MMIS for processing.

10.5 Edits

When the claim data has been entered into the MMIS, it is edited to ensure compliance with the following DC Medicaid requirements:

- Provider eligibility
- Beneficiary eligibility
- Valid and appropriate procedure, diagnosis, and drug codes
- Reasonable charges
- Duplicate claims
- Conflicting services
- Valid dates
- Other Medicaid requirements

The status that is assigned to each claim is dependent on compliance with the requirements. The assigned status of each claim will be paid, denied, or suspended.

The Remittance Advice (RA) document sent to providers shows the status of each claim submitted by the provider and entered the MMIS. The claims information is sorted on the RA in the following order:

- Paid original claims
- Paid adjustment claims
- Denied original claims
- Denied adjustment claims
- Suspended claims (in process)
- Paid claims MTD
- Denied claims MTD
- Adjusted claims MTD
- Paid claims YTD
- Denied claims YTD

10.5.1 Approval Notification

Claims that meet all requirements and edits are paid during the next payment cycle. The provider will receive a Remittance Advice (RA) weekly listing all paid, denied, and suspended claims in the system. The provider will also receive a reimbursement check or direct deposit for paid claims. The RA will include claim amounts that have been processed and a total of all paid claims.

Claims previously paid incorrectly may be adjusted or voided. Voids will appear as credits; adjustments will appear as two transactions, debit, and credit.

Adjustments/voids must be initiated by the provider since the provider can only correct errors after the claim has been paid and appears on the RA. It is the responsibility of the provider to make corrections when errors are made.

The following examples show the importance of adjusting or voiding a previously adjudicated claim on which errors have occurred:

- The provider treated John Smith, but inadvertently coded a Beneficiary Identification Number of Jane Smith who may or may not be the provider's patient. The provider will need to void the claim for Jane Smith and submit an original claim for John Smith giving the correct identification number.
- On the original claim the provider entered the incorrect charge for accommodation. The provider will need to adjust (correct) the claim to obtain the correct reimbursement.
- The provider submits a claim in which an incorrect procedure code was used. In this case, the code was for removal of an appendix. This was not the procedure performed but the claim was paid according to the procedure listed. The provider will need to adjust (correct) this claim via an adjustment and enter the correct code for the procedure performed. This is an important step because should the patient ever require an appendectomy, that claim would otherwise be denied because the record reflects that the appendix had previously been removed.

The provider will be paid by check or direct deposit for all paid claims in accordance with current guidelines. Payments to providers may be increased or decreased by DHCF to accommodate previous overpayments, underpayments, or an audit.

10.5.2 Denied

Claims that do not meet DC Medicaid editing requirements will not be paid. All denied claims are listed on the RA in alphabetical order by beneficiary last name. Denial reasons are listed on the RA as well. Listed below are some examples of denial reasons:

- Beneficiary not eligible on date of service
- Provider not eligible on date of service
- Duplicate claim
- Claim exceeds filing limit

10.5.3 Suspended

Claims that do not meet the editing requirements cannot be paid until discrepancies have been resolved. To verify that the claim is in error, the MMIS assigns a status of "Suspend" which will outline the problem to resolve the issue. Claims will suspend for a variety of reasons; however, the most common reasons for claims to suspend are due to beneficiary eligibility, provider eligibility or the claim must be manually priced. Claims that suspend should not be re-submitted. If a second claim is submitted while the initial claim is in a suspended status, both claims will be suspended. Please allow the suspended claim to be processed and to be reported on the RA as paid or denied before additional action is taken.

The fiscal agent and the DHCF resolve all pended claims. The RA will state that the claim is suspended and will give a reason.

10.6 Timely Filing

All services to be reimbursed must be billed on the appropriate form, signed, and submitted to Conduent or in the case of presumptive eligibility, DHCF. All hard copy claims must be mailed to their respective P.O. Box, unless otherwise instructed.

The Department of Health Care Finance (DHCF) received approval from the Department of Health & Human Services Center for Medicare and Medicaid Services (CMS) to amend the Medicaid State Plan regarding timely filing of Medicaid claims. Effective October 1, 2012, the timely filing period for Medicaid claims is 365 days from date of service.

Secondary and tertiary Medicaid claims submitted for payment must be submitted within 180 days from the payment date from Medicare or the third-party payer. The Explanation of Benefits (EOB) statement must be attached to the claim.

For claims submitted on or after October 1, 2012, DHCF will not pay any claim with a date of service that is greater than three hundred and sixty-five (365) days prior to the date of submission. All claims for services submitted after 365 days from the date of service will not be eligible for payment. In addition, the amendment outlines the following exceptions to the 365-day timely filing requirement:

- When a claim is filed for a service that has been provided to a beneficiary whose eligibility has been determined retroactively, the timely filing period begins on the date of the eligibility determination.
- Where an initial claim is submitted within the timely filing period but is denied and resubmitted after the end of the timely filing period, the resubmitted claim shall be considered timely filed provided it is received within 365 days of the denial of the initial claim.
- If a claim for payment under Medicare or third-party payer has been filed in a timely manner, DHCF may pay a Medicaid claim relating to the same services within 180 days of a Medicare or third-party payer's payment.

This amendment to the State Plan applies to all DC Medicaid public, private and out of state providers who submit claims to DHCF.

To avoid denial, all hard copy and electronically submitted claims must be received within 365 days of the date of service.

11 BILLING INFORMATION

This section provides general billing information for use by providers when submitting claims.

11.1 Billing Procedures

Providers must supply their own standard claim form for the services provided. The fiscal agent distributes Prior Authorization (719A) and Medicaid Laboratory Invoice for Ophthalmic Dispensing forms upon request.

The following claim forms are approved for filing claims utilizing the national standards for claim completion for goods or services provided to Medicaid beneficiaries:

- CMS1500
- ADA 2012 Dental Form
- UB-04

11.1.1 Form Availability

Original red CMS1500 and UB04 claim forms may be obtained from office supply stores (i.e., Staples, Office Depot, etc.) and the Government Printing Office. The ADA Dental claim form must be obtained from the American Dental Association.

11.1.2 Procedure and Diagnosis Code Sources

The procedure coding system recognized by the Medicaid Program is the Health Care Financing Administration's (HCFA) Common Procedural Coding System (HCPCS) as adopted by DHCF. The HCPCS consists of current year CPT codes and HCFA codes.

Diagnosis numerical coding is required based on the International Classification of Diseases, Tenth Revision, Clinical Modification (ICD-10-CM). Refer to Appendix A for address and contact information.

11.2 Electronic Billing

DC Medicaid encourages transmission of claims electronically. Currently, DC Medicaid receives claims in the following media types:

- Web Portal
- EDI
- WINASAP

To ensure timely processing of payments, electronic claims must be received by Conduent no later than noon every Thursday for processing in the weekly payment cycle.

The fiscal agent has implemented a Web Portal to provide tools and resources to help healthcare providers conduct their business electronically. Electronic claim submission provides for timely submission and processing of claims. It also reduces the rate of pending and denied claims.

Providers who are interested in receiving electronic billing instructions should indicate this interest on their EDI Enrollment application. Procedures specific to electronic billing are sent to providers approved to submit claims in this manner. The EDI X12N companion guides are available for download on the Web Portal. If you are already enrolled in the program and would like information on electronic claims billing, please contact the fiscal agent at the number and address listed in Appendix A.

11.3 Medicare/Medicaid Crossover Billing

When a beneficiary has been determined as dual-eligible (Medicare and Medicaid), Medicare should always be billed first. The Medicare claim must include both the patient's Medicare and Medicaid identification number. After Medicare processes the claim, the claim will be transmitted to the fiscal agent for processing electronically. The claim must be received by the fiscal agent no later than 180 days after the Medicare paid date as indicated on the Explanation of Medical Benefits (EOMB) statement.

If Medicare is billed for services for a beneficiary who is later identified as having Medicaid coverage, the provider should submit a copy of the Medicare claim to DC Medicaid. Again, the Medicare claim must include the patient's DC Medicaid identification number. The EOMB from Medicare must be attached to the claim as proof of payment or denial of payment by Medicare and submitted to the fiscal agent for processing. Refer to Appendix A for the address to submit these claims.

For additional information on Medicare billing, go to www.cms.gov/Medicare/Medicare.html or call Medicare at 800.633.4227.

11.4 Medicare Coinsurance and Deductibles

When billing for a Medicaid patient who is also covered by Medicare for a service that is covered by Medicare, Medicare must be billed first. After Medicare processes the claim, submit a Medicare Crossover claim to Medicaid using the UB-04 or CMS-1500 claim form. Attach the Medicare Explanation of Medical Benefits (EOMB) including the Medicare payment date to the Medicare residuals claim as proof of payment or denial by Medicare.

When billing for Part A coinsurance, you must submit: 1) A UB-04 claim form with all required fields completed; and 2) The Medicare EOMB attached, or the claim will be returned. This will allow Medicaid to utilize all diagnosis and procedure code information to determine Medicaid's payment obligation in accordance with the District's State Plan.

11.5 Medicaid Claims with Third Party Payments

Medicaid is always the payer of last resort. When a beneficiary has insurance from another source, employer or private policy, the provider must bill this source first before submitting to Conduent.

To bill Medicaid, the provider must submit an original claim with a copy of the third-party payers' EOMB attached indicating payment or denial within 180 days of the processing/payment date. When interviewing the patient, the provider should always question the patient about third party resources available to the patient, regardless of the information supplied through the Web Portal and IVR.

In accordance with the DC Medicaid State Plan Amendment, the reimbursement for TPL claims is the difference between the third-party payer's payment and the Medicaid allowed amount, not just the deductible and coinsurance.

11.6 Resubmission of Denied Claims

If a claim has been denied due to reasons other than violations of good medical practice or Medicaid regulations, the claim may be resubmitted. An original claim must be submitted; copies will not be accepted. Only claims, which have appeared on your remittance advice as, denied, can be resubmitted.

Claims that are still in a Pend status cannot be resubmitted until they have been denied. Resubmission of a pending claim will result in claims denying for duplicate.

Telephone and/or written claim inquiries regarding non-payment of claims should be made after 45 days from the date the claims were initially submitted to DC Medicaid. Please be certain that the claim in question has not appeared on any subsequent remittance advice before making an inquiry.

Instructions for resubmitting a denied claim are as follows:

- Claims must be received within 365 days after the date of service or in the case of inpatient hospital services, 365 days after the date of discharge. Claims must be resubmitted within 365 days of the RA date on which the claim denied for any reason(s) other than timely filing.
- Complete a new red claim form. A copy of the original claim form will be accepted if it is clear, legible and has been resigned (a copied or stamped signature will not be accepted).
- Correct any errors that caused the original claim to be denied.
- Do not write anything on the claim except what is requested. Any additional information should be submitted in writing and attached to the claim.
- Attach a copy of the Remittance Advice without staples, paper clips or colored highlighting on which the denied claim appears and any other documentation necessary to have the claim paid (e.g., consent form, isolation form). If more than one resubmitted claim appears on a page of the remittance, a copy of that page should be attached to each claim being submitted.
- Forward all resubmitted claims to the appropriate P.O. Box listed in Appendix A.

If you have any questions regarding these procedures, contact Conduent Provider Inquiry at (866) 752-9233 (outside DC metro area) or (202) 906-8319 (inside DC metro area).

11.7 Claim Appeals

A Medicaid claim may be denied for several reasons. It could be due to services not being covered under the plan, the provider submitting a claim for a much higher amount than what Medicaid pays for the service or retro eligibility for a beneficiary. Providers may appeal any decision made by Medicaid if you believe your claim was inappropriately denied.

Do not submit medical records with your appeal unless requested by DHCF. Requests for claim appeals should be sent to the address indicated in Appendix A.

12 REIMBURSEMENT

DHCF pays for compensable services and items in accordance with established Federal and District Medicaid regulations and fee schedules.

12.1 Maximum Fees or Rates

The maximum fees or rates shall be the lower of the provider's charge to the public, the upper limits set by Medicare, or the fees/rates established by DHCF.

12.2 Changes in Fees or Rates

DC Medicaid must provide the public with a 30-day notice of a fee or rate category change that affects DC Medicaid expenditures. The expenditure must be affected by one percent or more within the twelve months following the effective date of the change to apply to this provision.

The regulation recognizes the following exceptions:

- Changes affecting single providers, such as a change in the reimbursement rate for a particular hospital
- Changes in response to a court order
- Changes in the Medicare level of reimbursement
- Changes in the annual prospective payment rate
- Current methods of payment with a built-in inflation factor

12.3 Payment Inquiries

Providers may inquire regarding payment of claims. Inquiries must include the TCN, the RA payment date, the provider's DC Medicaid identification number or NPI (this information appears on the provider's RA). Providers should address payment inquiries to the address listed in Appendix A. Telephone inquiries will be directed to the fiscal agent (the telephone number is included in Appendix A).

12.4 Coordination of Benefits

The DC Medicaid Program is a "payer of last resort" program. DC Medicaid benefits will be reduced to the extent that benefits may be available through other Federal, State, or local programs or third-party liability to which the beneficiary may otherwise be entitled. Verify eligibility before rendering services to ensure proper coordination of benefits. Instructions for billing DC Medicaid after the other source has made payment are contained in this manual.

12.4.1 Benefit Programs

Providers must make reasonable efforts to obtain sufficient information from the beneficiary regarding primary coverage. Medical resources that are primary third parties to DC Medicaid include Medicare, Civilian Health and Medical Program of the Uniformed Services (CHAMPUS), Blue Cross & Blue Shield, commercial insurance, VA benefits, and Workman's Compensation.

12.4.2 Coordination of Payment

The provider must obtain the following information to bill a third party:

- Insurer's name and address
- Policy or Group identification number
- Patient and/or patient's employer's address.

If the District of Columbia Medicaid fee rate is more than the third-party fee or rate, the provider can bill DC Medicaid for the difference by submitting a claim and attaching all documentation relating to the payment. If a third-party resource refuses to reimburse the provider, DC Medicaid can be billed by receiving a claim with attached documentation relating to the refusal.

If a Medicaid beneficiary has Medicare coverage, DC Medicaid can be billed for charges that Medicare applied to the deductible and/or co-insurance. Payment will be made in accordance with the patient liability amount adjudicated by DC Medicaid.

12.5 Levies

The Office of Tax and Revenue (OTR) has implemented a program that automatically intercepts payments to collect outstanding tax debts owed by contractors, providers and vendors doing business with the District of Columbia. The Department of Health Care Finance works with the Office of Tax and Revenue to ensure provider payments are offset until a payment agreement is in place with the Office of Tax and Revenue.

12.6 Paid-in-Full

Compensable service and item payments made from the DC Medicaid Program to providers are considered paid-in-full. A provider who seeks or accepts supplementary payment of any kind from the DC Medicaid Program, the beneficiary, or any other person will be required to return the supplementary payment. The provider may, however, seek supplemental payment from beneficiaries who are required to pay part of the cost (co-payment). For example, beneficiaries must pay \$1.00 for generic and \$3.00 for brand name for each prescription (original and refills) for patients who are 21 years of age or older. However, a provider may bill a Medicaid beneficiary for non-compensable service or item if the beneficiary has been notified by the provider prior to dispensing the service or item that it will not be covered by DC Medicaid.

Some charges are the beneficiary's responsibility and may be billed. The following list is not all-inclusive.

- The beneficiary is responsible for all expenses for non-covered services, such as services that are not covered under the scope of the Medicaid program, or services received more than program benefit limitations. The beneficiary is responsible for services received during a period of ineligibility. Before rendering non-covered services, the beneficiary must be informed of the pending charges.
- Any applicable cost-sharing amount applied by the Medicaid program is the responsibility of the beneficiary.
- Beneficiaries enrolled in managed care programs that insist upon receiving services that are not authorized by the primary care provider (PCP) may be required to pay for such services.
- The beneficiary, or responsible adult, is held accountable and responsible for knowingly allowing or continuing to allow an unauthorized person to use a Medicaid card or beneficiary's identity to obtain benefits otherwise not allowed. Any charges to or payments by DHCF for services requested and/or received to defraud the provider of services and/or Medicaid are billable to the cardholder or his/her responsible party, or the imposter.

Crossover claims pay at the lesser amount based upon the formulas listed below by claim type:

Table 2: Crossover Pricing Logic

Claim Type	Pricing Logic	Example
Medicare Part-B (CMS1500)	Reimbursement amount will equal the lesser of (MEDICARE COINSURANCE + MEDICARE DEDUCTIBLE) OR (MEDICAID ALLOWED AMOUNT –MEDICARE PAID)	Coinsurance: \$29.60 Medicare Deductible: \$0.00 Medicaid allowed charges: \$138.98 Medicare Paid: \$118.38 Difference: \$20.60 Provider payment = \$20.60
Medicare Part-B (CMS1500) Other	Reimbursement amount will equal the lesser of (MEDICARE COINSURANCE + MEDICARE DEDUCTIBLE) OR (MEDICAID ALLOWED AMOUNT –MEDICARE- PAID)	Coinsurance: \$22.10 Medicare Deductible: \$0.00 Medicaid allowed charges: \$22.00 Medicare Paid: \$27.90 Difference: -\$5.90 Claim denies for 5318 - calculated ALLOWED AMOUNT is zero or the calculated ALLOWED AMOUNT less TPL is zero
FQHC Medicare Part B (CMS-1500) QMB Beneficiaries	Reimbursement amount will be full coinsurance and deductible.	
Outpatient Crossover	Reimbursement-amount will equal the lesser of (MEDICARE COINSURANCE + MEDICARE DEDUCTIBLE) OR (MEDICAID ALLOWED AMOUNT –MEDICARE PAID)	Coinsurance: \$18.57 Medicare Deductible: \$0.00 Medicaid allowed charges: \$137.01 Medicare Paid: \$74.25 Difference: \$62.76 Provider payment = \$18.57
LTC/Inpatient Crossover	Lesser than amount rules do not apply. Reimbursement amount will be full coinsurance and deductible.	

Providers are prohibited from billing for any patient responsibility for a beneficiary dually enrolled in Medicare and Medicaid.

12.7 Method of Payment

The DC Medicaid Program makes direct payments to eligible providers for compensable medical care and related items dispensed to eligible beneficiaries. To be reimbursed for an item or service, the provider must be eligible to provide the item or service on the date it is dispensed, and the beneficiary must be eligible to receive the item or service on the date the item or service was furnished. Payment shall not be made to a provider directly or by power of attorney.

12.7.1 Reassignment

DC Medicaid will not make payment to a collection agency or a service bureau to which a provider has assigned his accounts receivable; however, payment may be made if the provider has reassigned his claim to a government agency or if the reassignment has been ordered by a court.

12.7.2 Business Agents

DC Medicaid will not make payment to a billing service or accounting firm that receives payment in the name of or for the provider.

12.7.3 Employers

DC Medicaid will pay a practitioner through his employer if he is required, as a condition of his employment, to turn over his fees. Payment may also be made to a facility or other entity operating an organized health care delivery system if a practitioner has a contract under which the facility or entity submits the claim.

13 Medical Review

The Office of the Medical Director's mission is to continuously improve the safety, effectiveness, patient-centeredness, timeliness, efficiency, and equality of health care received by individuals served by DHCF programs. The Department of Health Care Finance conducts medical necessity, prior authorization reviews, and individual consideration determinations. The Medical Director's office is responsible for prior authorization procedures for organ transplantations which include:

- Liver transplantation
- Heart transplantation
- Kidney transplantation
- Allogeneic bone marrow transplantation
- Lung transplantation
- Autologous hematopoietic stem cell transplantation
- Left ventricular assist device (LVAD)

13.1 Consent for Sterilization

The Consent for Sterilization form is required of all providers involved in the sterilization procedure. The Consent for Sterilization form has four parts (listed below) that should be completed and submitted with the claim when billing for reimbursement.

- Consent to Sterilization
- Interpreter's Statement (if applicable)
- Statement of person Obtaining Consent
- Physician's Statement

Some general guidelines when filing sterilization claims:

- The beneficiary must be 21 years old when the consent form is signed.
- The consent form is valid for 180 days from the date it was signed by the patient.
- There must be at least a 30-day waiting period between the date the beneficiary signs the form and the date of surgery. If an emergency arises, the sterilization may be performed after 72 hours have elapsed from the time the beneficiary signed the form.

If information is incorrect or if the most current sterilization form is not completed the claim will be denied.

The most current consent form is available at CMS (<https://www.hhs.gov/opa/sites/default/files/consent-for-sterilization-english-updated.pdf>) or on the Web Portal at www.dc-medicaid.com under Provider Information and Forms.

14 PRIOR AUTHORIZATION

Procedures to follow for prior authorization are described in this section.

14.1 Written Request

DHCF requires written prior authorization for some medical services. If a service or item requires prior authorization, the provider must submit a Prior Authorization Request/Approval to DHCF. If DHCF approves the request, the provider will receive a prior authorization number. If DHCF denies the request, the service or item will not be considered for reimbursement.

Written prior authorization is required for the following:

- Services provided by an out-of-District non-participating DME vendor
- Durable medical equipment more than \$500.00
- Medical supplies more than specific limitations
- Inpatient hospitalizations for medically necessary dental procedures (cosmetic procedures are not covered services)
- Prosthetic or orthotic appliances more than specific limitations

14.2 Verbal Request

DHCF will give verbal prior authorization for some medical services. If DHCF grants a verbal prior authorization, the provider will be given a prior authorization number. If DHCF denies a verbal prior authorization, the service or item will not be considered for reimbursement. Non-emergency transportation services are referred to the DHCF transportation broker. (Refer to Appendix A for contact information.)

14.3 Authorization Waiver

All prior authorization requirements are temporarily waived in emergency situations. A situation is considered an emergency if an item or service is critical to the health, or required to sustain the life, of the beneficiary. When the emergency ends, the provider must adhere to prior authorization requirements.

14.4 Authorization Procedures

After the Prior Authorization Request/Approval form has been completed, the form should be mailed to the address listed in Appendix A.

If DHCF has reviewed and approved the request, a prior authorization number will be assigned to the respective service or item. This number must be included in the appropriate block on the claim form. The completed claim form should be submitted through regular procedures to the fiscal agent as listed in Appendix A.

15 Telemedicine Services

The D.C. Telehealth Reimbursement Act of 2013 directs Medicaid to "cover and reimburse for healthcare services appropriately delivered through telehealth if the same services would be covered when delivered in person." Per the Act, telehealth is defined as the delivery of healthcare services using interactive audio, video, or other electronic media used for the purpose of diagnosis, consultation, or treatment, provided, that services delivered through audio-only telephones, electronic mail messages, or facsimile transmissions are not included. For the purposes of coverage by the Department of Health Care Finance (DHCF), telehealth and telemedicine shall be deemed synonymous.

The purpose of providing Medicaid reimbursement for medically necessary services via telemedicine is to improve beneficiaries':

1. Access to healthcare services, with the aim of reducing preventable hospitalizations and emergency department utilization.
2. Compliance with treatment plans.
3. Health outcomes through timely disease detection and review of treatment options; and
4. Choice for care treatment in underserved areas.

Effective June 23, 2016 (for services rendered on or after that date), the District of Columbia Medical Assistance Program ("the Program") will reimburse eligible providers for eligible healthcare services rendered to Program participants via telemedicine in the District of Columbia. The Program will implement this telemedicine service for both providers and participants in the fee-for-service program.

Providers must be enrolled in the Program and licensed, by the applicable Board, to practice in the jurisdiction where services are rendered. For services rendered outside of the District, providers shall meet any licensure requirements of the jurisdiction where he/she is physically located and the jurisdiction where the patient is physically located.

15.1 Telemedicine Service Model

Telemedicine is a service delivery model that delivers healthcare services through a two-way, real time interactive video-audio communication for the purpose of evaluation, diagnosis, consultation, or treatment. Eligible services can be delivered via telemedicine when the beneficiary is at the originating site with an eligible provider at the originating site/ while the eligible "distant" provider renders services via the audio/video connection. The Program will not reimburse for service delivery using audio-only telephones, e-mail messages, or facsimile transmissions.

Pursuant to the D.C. Telehealth Reimbursement Act of 2013, the Program will not reimburse for service delivery using e-mail messages or facsimile transmissions.

15.2 Participant Eligibility

The program shall reimburse approved telemedicine providers only if participants meet the following criteria:

1. Participants must be enrolled in the District of Columbia Medical Assistance Program.
2. Participants must be physically present at the originating site at the time the telemedicine service is rendered: and
3. Participants must provide written or verbal consent to receive telemedicine services in lieu of in-person healthcare services, consistent with all applicable District laws.

A provider shall document the beneficiary's consent to receive telemedicine services. Written consent includes any method that documents in writing the beneficiary's agreement to receive the service via telemedicine, including but not limited to an e-mail, text message, or signed PDF. If verbal consent is obtained, a detailed service note that describes the beneficiary's verbal consent is required.

15.3 Provider Site Eligibility

An originating site shall include the following provider types and settings:

- Hospital
- Nursing Facility
- Federally Qualified Health Center
- Clinic
- Physician Group/Office
- Nurse Practitioner Group/Office
- District of Columbia Public Schools (DCPS)
- District of Columbia Public Charter Schools (DCPCS)
- Mental Health Rehabilitation Service (MHRS) provider, Adult Substance Abuse Rehabilitation Service (ASARS) provider, and Adolescent Substance Abuse Treatment Expansion Program (ASTEP) provider
- The beneficiary's home or other settings identified in guidance published on the DHCF website at dhcf.dc.gov.

A distant site provider shall include, but is not limited to, the following provider types, including any distant site provider staff rendering services remotely:

- Hospital
- Nursing Facility
- Federally Qualified Health Center
- Clinic
- Physician Group/Office
- Nurse Practitioner Group/Office
- DCPS
- DCPCS
- MHRS provider, ASARS provider, and ASTEP provider

At the discretion of the rendering provider, personnel delivering telemedicine services may work remotely, if all other requirements in the rule are met.

15.4 Provider Reimbursement

D.C. Medicaid enrolled providers are eligible to deliver telemedicine services, using fee-for-service reimbursement, at the same rate as in-person consultations. All reimbursement rates for services delivered via telemedicine are consistent with the District's Medical State Plan and implementing regulations.

Telemedicine providers will submit claims in the same manner the provider uses for in person services.

When billing for services delivered via video-audio telemedicine, distant site providers shall enter the "GT" procedure modifier on the claim.

When billing for any audio-only telemedicine services, distant site providers shall enter the "93" procedure modifier on the claim.

Additionally, the distant site provider must appropriately specify the place of service (POS) using the following POS codes:

- In the event the beneficiary's home is the originating site, the distant site provider must specify the place of service "10" which is defined as "telehealth provided in patient's home".
- In the event a DCPS or a DCPCS is the originating site, the distant site provider must specify the place of service "03" which is defined as "school".

- In the event the beneficiary is at any other eligible originating site (see section IV above), the distant site provider must specify the place of service “02” which is defined as “telehealth provided other than in patient’s home”. When utilizing place of service “02”, the distant site provider must also report the National Provider Identifier (NPI) of the originating site provider in the “referring provider” portion of the claim.

Services billed where telemedicine is the mode of service delivery, but the claim form and/or service documentation do not indicate telemedicine (using the appropriate procedure modifiers and appropriate POS codes) are subject to disallowances during an audit.

Effective March 1st, 2023, District health care providers rendering services to beneficiaries in Medicaid fee-for-service, Medicaid managed care, Health Care Alliance, and Immigrant Children’s programs must comply with these revised billing requirements.

Refer to **Transmittal #23-11** for additional information.

15.5 Federally Qualified Health Center (FQHC) Reimbursement

In accordance with the District’s Prospective Payment System (PPS) or alternative payment methodology (APM) for FQHCs, the following reimbursement parameters will be established for the purposes of telemedicine in the District:

- Originating Site: An FQHC provider must deliver an FQHC-eligible service to be reimbursed the appropriate PPS, APM, or fee-for-service (FFS) rate at the originating site.
- Distant Site: An FQHC provider must deliver an FQHC-eligible service to be reimbursed the appropriate PPS, APM, or FFS rate; and
- Originating and Distant Site: If both the originating and the distant site are FQHCs, for both to receive reimbursement, each site must deliver a different PPS or APM service (e.g., medical or behavioral). If both sites submit a claim for the same PPS or APM service (e.g., medical), then only the distance site will be eligible to receive reimbursement.

15.6 Education-Related Services Reimbursement

The scope of covered Medicaid telemedicine services includes individual fee-for-service providers that deliver services under the Office of the State Superintendent of Education (OSSE) through the Strong Start DC Early Intervention Program (DC EIP). OSSE shall only bill for distant site services that are allowable healthcare services to be delivered by the individual fee-for-service providers delivering DC EIP services under them and can be delivered at the standard of care via telemedicine.

In accordance with the DCPS/DCPCS Medicaid payment methodology, the following reimbursement parameters will be established for the purposes of telemedicine in the District:

- The LEA shall only bill for distant site services that are allowable healthcare services to be delivered at DCPS/DCPCS and can be delivered at the standard of care via telemedicine.
- The LEA shall provide an appropriate primary support professional to attend the medical encounter with the member at the originating site. In instances where it is clinically indicated, an appropriate healthcare professional shall attend the encounter with the member at the originating site.

15.7 Covered Services

Services that can be delivered via telemedicine include:

- Evaluation and management.
- Consultation of an evaluation and management of a specific healthcare problem requested by an originating site provider.
- Behavioral healthcare services including, but not limited to, psychiatric evaluation and treatment, psychotherapies, and counseling; and,

- Speech therapy.

The provider shall determine if the service can reasonably be delivered at the standard of care via telemedicine.

15.8 Excluded Services

The Program will not reimburse telemedicine providers for the following:

- Incomplete delivery of services via telemedicine, including technical interruptions that result in partial service delivery
- When a provider is only assisting the beneficiary with technology and not delivering a clinical service
- For a telemedicine transaction fee and/or facility fee
- For store and forward and remote patient monitoring

15.9 Technical Requirements

Providers delivering healthcare services through telemedicine shall adopt and implement technology in a manner that supports the standard of care to deliver the required service. Equipment utilized for telemedicine must be of sufficient audio quality and visual clarity as to be functionally equivalent to a face-to-face encounter for professional medical services.

Providers shall, at a minimum, meet the following technology requirements:

- A telemedicine provider that utilizes audio-only communication methods shall use audio equipment that ensures clear communication and includes echo cancellation
- A telemedicine provider that utilizes video-audio communication methods shall:
 - Use a camera that can manually, or, under remote control, provide multiple views of a patient with the capability of altering the resolution, focus, and zoom requirements according to the consultation.
 - Use audio equipment that ensures clear communication and includes echo cancellation.
 - Ensure internet bandwidth speeds sufficient to provide quality video to meet or exceed 15 frames per second.
 - Use a display monitor size sufficient to support diagnostic needs used in the telemedicine service; and
 - Use technology that creates video and audio transmission with less than 300 milliseconds.
 - When a beneficiary's home is the originating site, the distant site provider shall ensure the technology in use meets the minimum requirements set forth in Subsection 910.13.

15.10 Medical Records

The originating and distant site providers shall maintain documentation in the same manner as during an in-person visit or consultation, using either electronic or paper medical records, which shall be retained for a period of ten (10) years or until all audits are completed, whichever is longer.

15.11 Confidentiality

A telemedicine provider shall develop a confidentiality compliance plan in accordance with guidance from the Department of Health and Human Services, Office of Civil Rights, available at:

<http://www.hhs.gov/sites/default/files/hipaa-simplification-201303.pdf> to incorporate appropriate administrative, physical, and technical safeguards around data encryption (both in transit and at rest) and to protect the privacy of telemedicine participants and ensure compliance with the Health Insurance, Portability, and Accountability Act of 1996 and the Health Information Technology for Economic and Clinical Health Act of 2009.

16 LONG TERM CARE SPECIFIC BILLING INSTRUCTIONS

16.1 In-District Nursing Home Placement

In accordance with **Transmittal #17-19**, the Department of Health Care Finance is revising the process and format for the level of care (LOC) requirement for institutionally placed beneficiaries at the annual recertification period.

Note: Transmittal 17-19 supersedes and replaces Transmittals 15-23 and 17-09 regarding nursing facility placement and review procedures.

Change to Level of Care Process – Effective August 1, 2017, DHCF will be decoupling the recertification LOC from the continued stay review process by the District of Columbia's Quality Improvement Organization (QIO), Comagine Health, as follows. The new process requires that the LOC attestation form will be used as a level of care annual attestation for DC Medicaid beneficiaries receiving long term care in a nursing facility setting.

1. As part of the annual renewal package, the nursing facility resident's physician must complete the LOC attestation form.
 - a) If no change in condition is noted, the nursing facility will upload – along with the Long-Term Care Renewal Form – a completed and signed LOC attestation to QuickBase for transmission to ESA.
 - b) If a change in condition (improvement) is noted, the nursing facility will fax the LOC attestation form and a completed Prescription Order Form (POF) to the Delmarva Foundation. This will trigger a new face-to-face assessment for an updated LOC.
2. The QIO will conduct utilization reviews at 6 months and 12 months post admission, and annually thereafter.
 - a) If the utilization review reveals that the beneficiary is appropriate for nursing facility care, the QIO will not take any action.
 - b) If the utilization review reveals an improvement in medical condition, the QIO will issue a notice of redetermination recommendation to DHCF which will allow DHCF to request a face-to-face assessment from the Delmarva Foundation.
 - i. If the face-to-face assessment determination reflects a score of 8 or lower, the process for decertification will be initiated.
 - ii. If the face-to-face assessment determination reflects a score of 9 or higher, the beneficiary will meet the threshold for nursing facility LOC.

Decertification – For face-to-face assessments resulting in a score of 8 or lower, beneficiaries are determined to no longer meet nursing facility LOC. The following steps outline the process for decertification:

1. A denial/decertification letter shall be sent to the beneficiary or the beneficiary's representative, the facility, and the attending physician.
2. The denial/decertification letter shall include information that the beneficiary or the beneficiary's representative may request a reconsideration of the determination by submitting additional information within twenty-one (21) calendar days of receipt of the notice.
3. The denial/decertification letter shall also include information that the beneficiary or the beneficiary's representative may exercise his/her right to a Fair Hearing. The letter should include the name, address, and phone number to the Office of Administrative Hearings or the Office of the Health Care Ombudsman.
4. Should the beneficiary be denied continued stay or the denial for continued stay is upheld, the effective date of the decertification shall be thirty (30) calendar days from the date of the denial/decertification letter.

5. DHCF will notify the Economic Security Administration (ESA) of the change in the beneficiary's medical eligibility for nursing facility level of care.

16.2 Prior Authorizations for Out-of-State Nursing Facilities

Effective October 2008 out-of-state nursing facilities are required to obtain prior authorizations for nursing home placements. The following rules apply:

- Admissions prior to 07/23/2004: Prior authorization not required
- Admissions from 07/23/2004-12/31/2006: Prior authorization required
- Admissions from 01/01/2007-09/30/2008: Prior authorization not required
- Admissions from 10/01/2008-current: Prior authorization required

16.2.1 Out-of-State Nursing Facility Placement Procedures

DHCF is revising the approval process for an out-of-District nursing facility placement by requiring hospital case managers to document that one (1) in-District nursing facility has declined admission before DHCF will authorize an out-of-District placement. If a nursing facility does not respond to a request for admission within 24 hours, the request can be considered declined.

To obtain approval for admission into an out-of-District nursing facility, each of the nine (9) documents listed below must be completed.

1. All documents must be submitted to the District of Columbia's QIO, Comagine Health, via the web portal at www.qualishealth.org. The QIO will ensure that all required documents are received, and a decision will be rendered within three (3) business days.
2. The QIO will provide a Prior Authorization (PA) number, effective for a period of one (1) year for all approvals. If documents are missing or there is an available District nursing home bed available, a denial letter from the QIO will be generated and sent to the address provided.

Refer to **Transmittal #19-04**.

16.2.2 Required Documents for Out-of-District Nursing Facility Placement

1. Cover page for each request for an out-of-District nursing facility placement.
2. Request for out-of-District placement.
3. Proof of contact form for one (1) in-District nursing facility [a minimum of one (1) District nursing facility must be contacted and the subsequent denial for placement must be included].
4. A copy of the most recent Determination Sheet from Liberty Healthcare Corporation.
5. A copy of the most recent Notice of Approval for Nursing Facility Level of Care, or level of need approval letter from Liberty Healthcare Corporation.
6. A copy of the Pre-Admission Screening and Resident Review (PASRR).
7. Beneficiary Agreement.
8. A copy of the beneficiary's history and physical, and the discharge summary, if completed; and
9. If the beneficiary requires specialized care (such as tracheostomy, dialysis, etc.), copies of the most recent physician order(s) and/or note(s) should also be submitted.

Figure 6: Physician Order Form

DISTRICT OF COLUMBIA DEPARTMENT OF HEALTH CARE FINANCE
PRESCRIPTION ORDER FORM (POF)
FOR LONG TERM CARE SERVICES AND SUPPORTS

This completed form must be uploaded to DC Care Connect or faxed to Liberty Healthcare Corporation at 202-698-2075.

This Prescription Order Form (POF) is required by the District of Columbia's Department of Health Care Finance (DHCF) to authorize Medicaid-funded long term care services and supports. Prior to submission, the following items (indicated with a **) must be completed.

- Patient Medicaid Number (if available)
- Patient full name
- Patient date of birth
- Patient telephone number
- Provider name
- Provider telephone number
- Patient's chronic medical conditions
- Reason for referral to assessment
- Signature of ordering physician / APRN

Please note that all referring providers must be enrolled as a DC Medicaid Provider. DHCF has a streamlined application process for ordering/referring providers which can be accessed at www.dcpdms.com by clicking "Create an account." Providers can then follow the instructions to set up an expedited enrollment package. Please note that providers who enroll as ordering/referring providers only will not receive payment for any claims submitted and will not be part of the Medicaid-eligible providers' directory.

SECTION I: PATIENT INFORMATION

A. **Patient DC Medicaid Number (8 digits).
If the individual is new to DC Medicaid and does not yet have a Medicaid number, please note "N/A."

B. **Patient Name (Last, First): C. **Date of Birth (MM/DD/YYYY):

D. **Telephone Number: E. Secondary Telephone Number:

F. ** Current Address:

G. Permanent Address (if different than above):

H. Emergency Contact Name: I. Telephone Number:

SECTION II. DETERMINING NEED FOR SERVICES

A. **This patient has the following chronic medical condition(s) / ICD-10 diagnosis(es):

B. ** Reason for referral to assessment: ☐ Hospital ☐ Reassessment ☐ Initial assessment ☐ Change in patient condition

C. ** Request Type: ☐ EPD Waiver ☐ State Plan LTSS

D. Retroactive Coverage Request Effective Date (Nursing Facilities Only):

E. **If "Change in patient condition" was checked in section B, please indicate how this patient's condition has changed significantly since his/her most recent assessment:

F. Comments:

SECTION III: PHYSICIAN/APRN INFORMATION

A. **Provider Name (Last, First):

B. **Telephone Number: C. **National Provider Identifier Number:

D. **Provider Address: E. **Fax Number:

I have examined this patient and certify that long term care services and supports are medically necessary.

**Signature of Ordering Physician/APRN: Date:

Version: 9/1/2019

16.3 Payment Adjustment for Provider- Preventable Conditions

The District of Columbia Department of Health Care Finance (DHCF) is implementing a new policy required by federal law that prohibits Medicaid payment for services related to provider-preventable conditions (PPCs).

The federal requirements are part of the Patient Protection and Affordable Care Act (PPACA or the Affordable Care Act) which prohibited federal payments to states for Medicaid services related to health care-acquired conditions effective July 1, 2011, and required CMS to issue regulations.

On June 1, 2011, CMS published final regulations for Medicaid programs nationwide. CMS titled these provisions "Payment Adjustment for Provider-Preventable Conditions Including Healthcare-Acquired Conditions." The CMS rule was effective July 1, 2011; however, CMS delayed compliance enforcement until July 1, 2012, to allow Medicaid programs time to develop and complete implementation of PPC policies.

Medicaid providers will no longer be reimbursed for specific PPCs including both health care acquired conditions (HCACs) and erroneous surgical or other provider preventable conditions (OPPCs). Hence, payment will be adjusted for any portion of a provider's claim directly relating to the treatment of a specified list of HCACs that were not present upon admission to an inpatient hospital setting. This means that payments will only be adjusted if the patient did not have the condition upon admission to the hospital but acquired it during their hospital stay. In addition, no payment will be made for erroneous surgical or other invasive procedures, commonly known as OPPCs.

16.4 Hospital Acquired Conditions

HACs are any of the specified conditions which are present as a secondary diagnosis and acquired during the stay. For all claims submitted on or after July 1, 2012, each provider shall collect and record information related to HCACs in the present on admission (POA) indicator field and on the secondary diagnosis indicator field on all applicable claims, regardless of whether the claims are submitted in a hardcopy or electronic format.

The Medicaid HCACs are based on the list of Medicare HACs for FFY 2012 and are:

- 1) Foreign object retained after surgery
- 2) Air embolism
- 3) Blood incompatibility
- 4) Catheter associated urinary tract infection
- 5) Pressure ulcers stage III and IV (decubitus ulcers)
- 6) Vascular catheter associated infection
- 7) Mediastinitis, after coronary artery bypass graft (CABG)
- 8) Falls and trauma, resulting in fractures, dislocations, intracranial injury, crushing injury, burns, and other unspecified effects of external causes
- 9) Manifestations of poor glycemic control
- 10) Surgical site infection after spine, neck, shoulder, or elbow orthopedic procedures
- 11) Surgical site infection after bariatric surgery for obesity
- 12) Deep vein thrombosis and pulmonary embolism after total knee replacement or hip replacement, except for pediatric (individuals under the age of 21) and obstetric populations.

The following provider types shall be denied reimbursement for the portion of a claim attributed to any HCAC:

- (a) All Hospitals paid on a diagnosis-related group (DRG) basis; and
- (b) All Hospitals paid on a non-DRG basis.

Claims paid by DRG will be adjusted using specific HCACs logic supplied with the 3M™ AP-DRG grouper software. This process functions in a similar way as the Medicare DRG grouper logic does for the Medicare HACs.

The DHCF claims processing system will identify HCACs from the diagnosis, procedure and POA information on the claim and disregard the HCAC in assigning the AP-DRG. Payment for the stay would therefore only be affected if the presence of the HCAC would otherwise have pushed the stay into a higher-paying AP-DRG. DRG claims will continue to be priced by DRG with payment reduced if removing the HCACs results in a DRG with a lower relative weight.

Non-DRG claims will price according to existing payment methodologies for the provider (e.g., per diem). However, these claims will go through the HAC logic of the AP-DRG grouper software to determine whether the HCAC affects payment and to calculate the proper payment adjustment, if applicable. DRG assignment will be used for the purpose of identifying the effect of a HCAC on the resources needed to care for a patient.

This process will function in the same manner as for DRG claims (see question 18). If removing the HCAC results in a DRG with a lower relative weight, then payment will be affected. Payment would be adjusted by a percentage based on the difference in the DRG weights. For example:

DRG weight <u>before</u> removing the HCAC:	1.50
DRG weight <u>after</u> removing the HCAC:	1.20
Post-HCAC DRG weight as a percentage:	80%
Facility per Diem rate:	\$500.00
Length of stay (LOS):	4 days
Claim price <u>before</u> removing the HCAC:	$\$500 \times 4 = \$2,000$
Claim price <u>after</u> removing the HCAC:	$(\$500 \times 4) \times (1.20 / 1.50) = (\$2,000 \times .80) = \$1,600$

16.5 Erroneous Surgical and OPPCs

These are surgical or other invasive procedures to treat a particular medical condition that result in an error. For all claims submitted on or after July 1, 2012, providers shall report OPPCs by using modifiers and E-codes on paper and electronic claim forms that refer to the prohibited procedures.

The Medicaid erroneous and OPPCs are:

- 1) Wrong surgical procedure.
- 2) Correct procedure performed on the wrong body part; and
- 3) Correct procedure performed on the wrong patient

The following provider types shall be denied compensation for claims associated with OPPCs:

- a) All Hospitals paid on a diagnosis-related group (DRG) basis.
- b) All Hospitals paid on a non-DRG basis; and
- c) Other providers, regardless of whether they are paid on a fee-for-service or capitated basis.

Hospital inpatient and outpatient providers should report wrong procedures using the following diagnosis codes in the fields provided for event codes:

- E876.5 - Performance of wrong operation (procedure) on correct patient
- E876.6 - Performance of operation (procedure) on patient not scheduled for surgery
- E876.7 - Performance of correct operation (procedure) on wrong side/body part

In addition, facilities and practitioners should also report wrong procedures using the following CPT/HCPSC modifiers associated with the surgical procedure:

- PA - Surgical or other invasive procedure on wrong body part
- PB - Surgical or other invasive procedure on wrong patient
- PC - Wrong surgery or other invasive procedure on patient

16.6 Present on Admission (POA) Indicator

The present-on-admission indicator (POA) is the method that a hospital uses to identify which patient conditions were present on admission and which conditions developed while hospitalized. The POA indicator is assigned to each reported diagnosis code, for principal and secondary diagnoses. The POA must be reported for external cause of injury codes (E-codes) when the E-code is included in a secondary diagnosis code field locator (FL 67 A-Q).

For the official guidelines on how to apply the POA indicator as well as information on complete and accurate documentation, code assignment and reporting of diagnoses and procedures, please visit http://www.cdc.gov/nchs/data/icd/icd10cm_guidelines_2014.pdf to see the *ICD-10-CM Official Guidelines for Coding and Reporting*.

16.7 Nursing Facility Payment Method (Transition from RUG-III to RUG-IV)

The DC Department of Health Care Finance (DHCF) has changed the rate setting method, and its payment method for nursing facility services, effective February 1, 2018. DHCF has implemented a person-specific payment method, like the Medicare approach. Facilities are required to submit a valid Health Insurance Prospective Payment System (HIPPS) code on a claim for services. The HIPPS code contains Resource Utilization Group (RUG) information that will be used in pricing the claim. The claim pricing algorithm will adjust the facility's Nursing and Patient Care component for the resident's acuity, based on the RUG category reported in the HIPPS code.

The new nursing facility payment method is effective February 1, 2018, and applies only to nursing facilities located within the District of Columbia. It does not apply to long term acute care (LTAC) hospitals, intermediate care facilities (ICFs) or intermediate care facilities for individuals with intellectual disability (ICF/IID); these facilities have separate and unrelated payment methods. The new method does not apply to hospice providers, even though some nursing facility residents may receive hospice services.

Below are the specifications for vendors to use for this requirement:

MDS records for Medicaid residents should be processed using the RUG- IV grouper:

- 48 group version, CMI set F01
- Index maximizing setting

Claims submission

- The following revenue codes will require a valid HIPPS code on the line:
 - 0101
 - 0183
 - 0185
 - 0659 (for patients in hospice care)
- The HIPPS code must be entered in the line level procedure code field
- Paper UB04- Field locator 44
- 837I transaction data element SV202
- WINASAP - In the procedure code field on the third tab of the institutional claim
- DC Web Portal - the procedure code field next to the revenue code field on the institutional claim line level.
- The HIPPS code must contain a valid Medicaid RUG- IV code (48 group version of RUG IV)

- The HIPPS code must reflect the RUG- IV code from the most recent MDS assessment for the resident that was completed before the last date of service on the claim. For many residents, for the initial billing period, this will be an assessment done prior to February 1, 2018.
- The following revenue codes will now be valid on nursing facility claims. No HIPPS code is required, but a prior authorization number is required at the claim header level.
 - 0410 (for vent care) - billable at \$380/day
 - 0229 (for bariatric care) - billable at \$43.50/day (effective 10/1/2019)
 - 0919 (for behaviorally complex care) - billable at \$86.50/day (effective 10/1/2019)
- The prior authorization number must be recorded on the claim:
 - Paper UB04- Field locator 63, line A
 - 8371 transaction- Loop 2300, data element REF02 (REF01 should contain the value G1, to indicate that REF02 is a PA #)
 - WINASAP- first tab of the claim record, in the field labeled "prior authorization #".
 - DC Web Portal - in the field labeled "Treatment Authorization Code" on the "Claim Information" section. This is the same section where the medical record # and service dates are entered.

Refer to **Transmittal #17-33** for additional information.

16.7.1 Coverage and Payment for Specific Services

The new payment method includes three per diem payments for special needs. In addition to the current add-on reimbursement for ventilator care, DHCF has implemented two new add-ons to address the special care needs of behaviorally complex residents and bariatric persons.

16.8 Billing Procedures - Hospice Claims for Room & Board for in-District Nursing Facilities

- Nursing homes should no longer use revenue code 0659 for claims submitted to DHCF
- The hospice providers will continue to submit P A requests to Comagine for inpatient hospice, revenue code 0659 for dates of service on or after February 1, 2018.
- For nursing home residents who are hospice patients, the nursing home will provide the appropriate HIPPS code for the resident and date span to the hospice provider. The hospice provider will pass-through the appropriate acuity-adjusted per diem rate for room and board, based on the resident's HIPPS code.
- The hospice provider will bill DHCF using revenue code 0659 in conjunction with the HIPPS code provided by the nursing home. An appropriate HIPPS code is required for hospice claims using revenue code 0659.
- The claim line for room and board in a nursing home (revenue code 0659) will require a valid HIPPS code on the line for all services February 1, 2018, and later
- The HIPPS code must be valid for Medicaid-i.e., it must contain both:
 - A valid Medicaid RUG-IV code (first three characters), plus
 - A Medicaid-appropriate assessment indicator code (last two characters, usually "60" or "01")
- The HIPPS/RUG code must be from the resident's most current MDS assessment, which cannot be later than the last date of service on the claim
- Providers can "split bill" and use different MDS assessments if there is a valid assessment in the billing period, but are not required to do so
- Significant event MDS/RUG code can be used only for the dates of service from the significant event date onward

16.8.1 Add-On Services - Ventilator, Bariatric, and Behaviorally Complex

- The nursing home will submit claims for add-on services directly to DHCF. All claims should include a PA number.

- For hospice patients, the add-on services must appear in a separate claim.

16.8.2 Prior Authorization (PA)

- Nursing homes will still be required to obtain PAs for special needs "add-on" payments (including behavioral health, bariatric, and ventilator residents). New P A numbers will still be required for ongoing vent patients
- Patients with multiple PA-related conditions will require a single PA covering the full set of conditions. Multiply overlapping PAs cannot be used for the same patient
- PAs may be granted for up to 90 days

Refer to **Transmittal #18-32** for additional information.

16.9 Implementation of the Optional State Assessment (OSA)

Transmittal #23-40 provides notice and informs all Nursing Facility Providers that the Department of Health Care Finance (DHCF) will require the concurrent/simultaneous completion of the Optional State Assessment (OSA) as part of all (Omnibus Budget Reconciliation Act) (OBRA) assessments, effective October 1, 2023.

This change is being made to enable DHCF to: (1) continue the current reimbursement methodology beyond October 1, 2023. The current methodology uses the Resource Utilization Group (RUG) case mix scores to determine reimbursement rates; and (2) conform with the payment model changes and critical Minimum Data Set MDS elements required by the Centers for Medicare and Medicaid Services (CMS).

16.9.1 Background

As part of its ongoing implementation of the Patient-Driven Payment Model (PDPM), CMS is ending its support of RUGs on all federally required OBRA assessments for patients residing in nursing facilities as of October 1, 2023. However, for states that wish to continue to use RUGs after October 1, 2023, CMS has created the opportunity to obtain RUGS by implementing the OSA. The OSA is a tool to gather the needed assessment data, thus allowing states to calculate RUG scores and reimbursement amounts for the services provided by the nursing facilities. Further, CMS has indicated that the OSA will be in place and supported until October 1, 2025, when it will no longer exist. The District is in the process of updating the DC Care Connect to have the capability of determining acuity levels in place of RUGs and the OSA.

Against this background, the District has elected to continue with RUGs, hence the requirement for nursing facility providers to complete the OSA and obtain RUG scores for reimbursement. Therefore, nursing facility providers are encouraged to contact their MDS software vendor immediately to ensure their facility software can submit OSA data to the Internet Quality Improvement & Evaluation System (IQIES).

16.9.2 Implementation Guidance

While no additional system, operational, or reimbursement changes are anticipated by DHCF, DHCF is providing guidance and responses to a few questions that have been raised concerning the OSA implementation. Frequently asked questions are outlined below:

When and how often will the OSA need to be completed?

Effective October 1, 2023, the OSA must be completed alongside every federal OBRA assessment that is conducted either at the time of admission, readmission, quarterly, annually, significant changes in the status of the beneficiary, and significant correction to prior comprehensive or quarterly assessment.

Is the OSA required for all residents?

Yes, mainly to ensure that DHCF has:

- Payer RUG acuity information to allocate costs appropriately among payers; and

- An assessment for residents who enter a nursing facility under coverage other than Medicaid. For residents who entered the nursing facility under other coverage, whether Medicare or private pay, there is no automatic reassessment when they flow into Medicaid coverage.

Will the OSA assessment impact reimbursements?

There will be no direct impact on provider reimbursement as a result of OSA implementation. For reimbursement or payment purposes, the prior RUG values from assessments completed before October 1, 2023, will be in place and used for reimbursement until the next scheduled assessment is due. OBRA assessments completed after October 1, 2023, must be accompanied by an OSA to avoid delay, suspension, denial, or recoupment of reimbursements of claims. (If the provider does not submit the OSA timely with the OBRA assessment, DHCF reserves the right to pay subsequent claims at the administrative rate.)

What is the time gap allowed between the OSA and OBRA assessment?

The OSA and the OBRA assessments should be completed concurrently or simultaneously. The nursing facility software vendor can provide more information about the functionality of their systems to perform the assessments.

Where can I obtain the OSA assessment documents?

Information about the OSA and documents are available at <https://www.cms.gov/files/zip/final-osa-manualitem-setchange-historyoctober12023.zip>.

Refer to Transmittal #23-40 for additional information.

17 Completing UB04 Claim Form

The Uniform Bill, UB-04 claim form must be completed by long term care providers billing for long term care services. These instructions have been coordinated and compared to the instructions provided in the District of Columbia UB-04 Billing Providers Manual issued by the Uniform Billing Task Force. Provider billing claims electronically, please refer to the UB-04 EDI manual.

The new billing requirement is effective with paper claims received after December 11, 2009, and electronic claims received after December 17, 2009. Nursing Facilities may bill a combination of 18 Hospital & Therapeutic Days per fiscal year. ICF/MR Facilities may bill up to 15 Hospital Leave Days per fiscal year and up to 45 Therapeutic Leave Days per fiscal year.

Providers must bill accommodation days using the following revenue codes which are also referenced in Appendix C:

- Accommodation Days: 0101
- Leave of Absence – Therapeutic Leave: 0183
- Leave of Absence – Nursing Home (Hospitalization): 0185

Note: All paper CMS1500 and UB04 claims received on and after May 1, 2010, must be submitted on the original red and white claim form. Red claims forms may be purchased from any office supply store or the Government Printing Office. Black and white versions of the claim forms will not be accepted and will be returned to the providers (RTP) with a request to resubmit on the proper claim form.

Table 3: UB04 Claim Form Instructions

Form Locator	Requirement	Field Description	Guideline
1	Required	Provider Name, Address, and Telephone Number	Billing Provider Name, Address and Telephone Number: Enter the agency name, street, city, state, zip code, and telephone number. Line 1 – Provider Name Line 2 – Provider Street Address Line 3 – Provider City, State, Zip +4 Line 4 – Provider Telephone
2	Not Required	Pay-to Name, Address, and Secondary ID Fields	Enter the address information of the pay-to provider if it is different than the billing provider identified in field locator 1.
3A	Optional	Patient Control Number (PCN)	Enter the patient's account number assigned by the provider to facilitate retrieval of the individual's account of services. If the patient's account number is listed on the claim, it will appear on the remittance advice.
3B	Required if applicable	Medical/Health Record Number	Enter the patient's medical record number (limited to ten digits) assigned by the long-term care facility.
4	Required	Type of Bill	Enter the three-digit type of bill code. This field has been expanded from three to four characters with zero being the first digit. Claims will be processed based on the last three digits. 0212 - Admission (requires an admission date) 0213 - Continuous Bill 0214 - Discharge (requires patient status)

Form Locator	Requirement	Field Description	Guideline
			0217 - Adjustment (requires TCN of most current paid claim) 0218 – Void (requires TCN of paid claim) Note: If the type of bill ends with ‘1’ (i.e., 111, 331, etc.) or ‘4’ (i.e., 114, 334, etc.), the patient status <u>cannot</u> be 30 (still a patient) or 09 (admit to hospital). If the type of bill ends with ‘2’ (i.e., 112, 332, etc.) or ‘3’ (i.e., 113, 333, etc.) the patient status <u>must be</u> 30 (still a patient) or 09 (admit to hospital).
5	Not Required	Federal Tax Number	Enter the TIN or EIN
6	Required	Statement Covers Period	Enter the beginning and ending dates of service billed in MMDDYY format.
7	Not Required	Unlabeled	Leave this field blank
8a	Not Required	Patient Name/Identifier	
8b	Required	Patient Name/Identifier	Enter the patient’s name as it appears on the Medical Assistance Card in last name, first name, middle initial format.
9a	Not Required	Patient Address	Enter the patient’s street address
9b	Not Required	Patient Address	Enter the patient’s city
9c	Not Required	Patient Address	Enter the patient’s state
9d	Not Required	Patient Address	Enter the patient’s zip code
9e	Not Required	Patient Address	Enter the patient’s country code
10	Required	Patient Birth date	Enter patient’s date of birth in MMDDYYYY format
11	Required	Patient Sex	Indicate the patient’s gender M: Male F: Female U: Unknown
12	Required	Admission Date	Enter the date the patient was admitted for care in MMDDYY format.
13	Required if applicable	Admission HR (hour)	Enter the appropriate code identifying the hour the patient was admitted for care. 00 12:00-12:59 (Midnight) 12 12:00-12:59 (Noon) 01 01:00-01:59 13 01:00-01:59 02 02:00-02:59 14 02:00-02:59 03 03:00-03:59 15 03:00-03:59 04 04:00-04:59 16 04:00-04:59 05 05:00-05:59 17 05:00-05:59 06 06:00-06:59 18 06:00-06:59 07 07:00-07:59 19 07:00-07:59 08 08:00-08:59 20 08:00-08:59 09 09:00-09:59 21 09:00-09:59 10 10:00-10:59 22 10:00-10:59 11 11:00-11:59 23 11:00-11:59
14	Required if applicable	Type of Admission	Enter the appropriate type of admission code for inpatient claims. 1: Emergency

Form Locator	Requirement	Field Description	Guideline
			2: Urgent 3: Elective 4: Newborn 9: Information not available
15	Required if applicable	Source of Referral	Enter the appropriate source of admission code for inpatient claims. For emergency, elective, or other type of admission 1: Physician referral/Normal delivery 2: Clinic referral/Premature delivery 3: HMO referral/Sick baby 4: Transfer from a hospital/Extramural birth 5: Transfer from a skilled nursing facility 6: Transfer from another health care facility 7: Emergency room 8: Court/law enforcement 9: Information not available A: Transfer from Rural Primary Hospital B: Transfer from another home health C: Readmit to same home health D: Transfer from same hospital inpatient E: Transfer from ambulatory surgical center F: Transfer from hospice
16	Not Required	Discharge Hour	Enter the appropriate code identifying the hour the patient was discharged.
17	Required	Patient Status	Enter the code that identifies the patient's status as of the statement covers through date. 01: Discharge to home or self-care (routine discharge) 02: Discharged/transferred to another short-term general hospital for inpatient care 03: Discharged/transferred to skilled nursing facility 04: Discharged/transferred to an intermediate care facility 05: Discharged/transferred to another type of institution for inpatient care or referred for outpatient services to another institution 06: Discharged/transferred to home under care of organized home health service organization 07: Left against medical advice or discontinued care 08: Discharged/transferred to home under care of a Home IV provider 09: Admitted as an inpatient to this hospital 20: Expired 30: Still a patient 31: Still a patient – defined by State 32: Still a patient – defined by State 41: Expired in a medical facility (e.g., hospital, SNF, ICF, or freestanding hospice) (Medicare hospice claims only) 51: Discharged to Hospice – Medical Facility (certified)

43	Required if applicable	Description	Enter the 11-digit National Drug Code (NDC) when billing for physician administered drugs in an outpatient setting.
44	Required if applicable	HCPCS/Rates/HIPPS Code	<p>Enter the appropriate HIPPS/RUG code for revenue code 0101, 0183, 0185 or 0659 (nursing facilities only)</p> <p>Enter the appropriate CPT or HCPCS code relevant to the accommodation revenue code entered for the services being billed (see field 42 for more info).</p>
45	Not Required	Serv. Date	Enter the dates of service if billing for hospital outpatient services

Form Locator	Requirement	Field Description	Guideline
45 (line 23)		Page of _ of _ Creation Date	Enter the appropriate page number and total number of pages associated with the claim. For example, Page 2 of 4. Enter the date the claim was created or prepared for submission.
46	Required	Serv. Units	Enter the total number of covered accommodation days or ancillary units of service for each revenue code billed as appropriate
47	Required	Total Charges	Enter the total charges for each related revenue/procedure code. Enter the grand total charges at the bottom of this field to be associated with revenue code 0001.
48	Required if applicable	Non-covered charges	Enter the charges for any non-covered services
50	Required	Payer Name	As applicable, enter the name of the beneficiary's primary, secondary, and tertiary insurance on lines A, B, and C. For claims with no TPL, DC Medicaid is entered online A.
51A-C	Not Required	Health Plan ID	Enter the nine-digit Medicaid provider number
52A-C	Not Required	Rel. Info	Enter the appropriate code indicating if a signed statement from the patient or the patient's legal representative permitting the provider to release data to another organization.
53A-C	Not Required	ASG. BEN.	Enter the appropriate code indicating a signed form authorizing the third-party payer to remit payment directly to the provider. N: No W: Not applicable Y: Yes
54A-C	Required if applicable	Prior Payments	Enter payment received from any other insurance carrier.
55A-C	Not Required	Est. Amount Due	Enter the amount estimated by the provider to be due from the indicated payer
56	Required	Billing Provider NPI	Enter the National Provider Identifier for the billing provider
57	Optional	Other Identification (ID) Number (Billing)	
58A-C	Required	Insured's Name	As applicable, enter the insured's name for the primary, secondary, and tertiary insurance on lines A, B, and C according to proper billing order. On the line that shows payer, Medicaid, enter the beneficiary's name exactly as it appears on the Medical Assistance card.

Form Locator	Requirement	Field Description	Guideline
59A-C	Required	P. Rel	<p>Enter the appropriate code indicating the relationship of the patient to the identified insured.</p> <p>01: Spouse 18: Self 19: Child 20: Employee 21: Unknown 39: Organ Donor 40: Cadaver Donor 53: Life Partner G8: Other Relative</p>
60A-C	Required	Insured's Unique ID	<p>Enter the beneficiary's ID for the plans listed in 50 A, B, and C that relates to the beneficiary's name in 58 A, B, and C.</p> <p>Enter the beneficiary's Medicaid ID as it appears on their Medical Assistance Card omitting the leading zeroes in the field that corresponds with DC Medicaid</p>
61A-C	Required if applicable	Insured Group Name	<p>As applicable, enter the group name of the beneficiary's primary, secondary, and tertiary insurance on lines A, B, and C, according to the proper billing order.</p> <p>Do not enter a group name on the line that shows payer "Medicaid".</p>
62A-C	Required if applicable	Insurance Group Number	<p>As applicable, enter the group number of the beneficiary's primary, secondary, and tertiary insurance on lines A, B, and C, according to the proper billing order.</p> <p>Do not enter a group number on the line that shows payer "Medicaid".</p>
63A-C	Required if applicable	Treatment Authorization Code	Enter the 10-digit prior authorization number
64A-C	Required if applicable	Document Control Number	Enter the transaction control number (TCN) of the original claim for proof of timely filing on a resubmission of a claim.
65A-C	Required if applicable	Employer Name	Enter the name of the employer that could provide a source of third-party insurance payment
66	Required	DX Version	Enter the qualifier that denotes the version of the International Classification of Diseases (ICD) reported. A value of 9 indicates ICD-9; a value of 0 indicates ICD-10.
67	Required	Principal Diagnosis Code	<p>Enter the principal diagnosis code(s) provided at the time of admission as stated by the physician.</p> <p>The POA indicator is reported on the eighth digit of Field Locator (FL) 67, principal diagnosis, and on the eighth digit of each of the secondary diagnosis fields, FL 67 A-Q.</p>

Form Locator	Requirement	Field Description	Guideline
			<p>The valid POA indicator codes are:</p> <p>Y = Diagnosis was present at time of inpatient admission</p> <p>N = Diagnosis was not present at time of inpatient admission</p> <p>U = Documentation insufficient to determine if condition was present at the time of inpatient admission</p> <p>W = Clinically undetermined. Provider unable to clinically determine whether the condition was present at the time of inpatient admission.</p> <p><i>Blank</i> - Unreported/not used. Diagnosis is exempt from POA reporting.</p> <p>Note: For ASC X12N 837 Institutional (837I). The POA indicator is reported in segment HI in the 2300 loop, data element C022-09.</p>
67A -Q	Required if applicable	Other DX codes and POA indicator	Enter the additional diagnosis code(s) provided at the time of admission as stated by the physician
69	Required	Admit DX code	Enter the diagnosis code provided at the time of admission as stated by the physician
70A - C	Not Required	Patient's reason DX	Enter the diagnosis code indicating the patient's reason for visit at the time of outpatient registration
71	Not Required	PPS Code	Enter the Prospective Payment System (PPS) code assigned to the claim to identify the DRG based on the grouper software called for under contract with the primary payer
72A -C	Not Required	ECI	Enter the ICD-10-CM diagnosis code pertaining to external cause of injuries, poisoning, or adverse effect.
74	Required if applicable	Principal Procedure Code and Date	Enter the appropriate surgical procedure code if the operating room was used. Record the date in MMDDYY format.
74a-e	Required if applicable	Other procedure codes and dates	Enter the appropriate ICD-10-CM surgical procedure code if the operating room was used. Record the date in MMDDYY format.
76	Required if applicable	Attending NPI/Qual Last/First	<p>Enter the NPI of the attending provider.</p> <p>Note: All attending providers must be enrolled with DC Medicaid on the date of service.</p>
77	Not Required	Operating provider	<p>Enter the NPI of the provider performing surgery, as well as the last name/first name.</p> <p>Enter "G2" in the qualifier box.</p>

Form Locator	Requirement	Field Description	Guideline
78 - 79	Not Required	Other (A or B) provider	<p>Enter the NPI of the other provider (e.g., referring, ordering, assisting provider, etc.), as well as the last name/first name.</p> <p>If Referring enter DN as qualifier code for Other in field 79, then the Referring Provider's NPI and Last, First name.</p>

81A - D	Required	CC	Enter the taxonomy code of the billing/pay-to-provider preceded by the B3 qualifier.

17.1 Billing for Ventilator Services

Beginning April 1, 2010, the Department of Health Care Finance (DHCF) requires that all providers rendering ventilator services must follow these billing instructions when completing the UB04 claim form. To bill for ventilator services, providers must bill accommodation days and ventilator services using the following revenue codes:

- Accommodation Days: 0101 or 0659 (Hospice Room and Board for patients in hospice care)
- Ventilator Services: 0410

DHCF will reimburse \$380.00 per day for in-District facilities plus the base rate for each qualified beneficiary of ventilator services. [Note: The units submitted should not exceed the number of covered accommodation days for the statement period.]

17.2 Billing for Behaviorally Complex Special Needs

The Department will pay nursing facilities in the District an additional per diem amount for any day that a Medicaid eligible resident qualifies as behaviorally complex. The add-on amount effective October 1, 2019, is \$86.50 per day. Behaviorally complex care should be billed on the claim with ancillary revenue code 0909.

A “behaviorally complex” patient is one who meets two or more of the following criteria, at least four times a week, as evidenced in the Minimum Data Set (MDS) assessment and the patient’s medical record:

- Injures self.
 - Head banging, self-biting, hitting oneself, and throwing oneself to floor with or without injury.
- Demonstrates physical aggression.
 - Assaultive to other residents, staff and/or property with or without injury to other residents or staff
- Demonstrates verbal aggression.
 - Disruptive sounds, noises, screaming that disturbs roommate, staff, or other residents.
- Demonstrates regressive behaviors.
 - Sexual behaviors, disrobing, throwing/smearing food, feces, stealing, hoarding, going through other residents/staff belongings, elopement attempts.
- Consistently rejects medical care.

Payment for these services is limited to in-District facilities and requires the Department’s prior authorization for each Medicaid resident. The behaviorally complex add-on may also be subject to post payment review to ensure program integrity, including appropriate documentation and provision of services.

The number of add-on days to be paid on a claim is limited to the number of accommodation days billed on the entire claim. The add-on payment will not be made for leave days. If the facility bills more add-on days than the number of nursing facility accommodation days on the claim, the add-on payment amount will be cut back to the number of allowable days.

17.3 Billing for Bariatric Special Needs

The Department provides an additional per diem for bariatric residents who often require the assistance of additional caregivers to conduct activities of daily living (ADL) tasks. The add-on amount effective October 1, 2019, is \$43.50 per day. Bariatric services should be reported on the claim with ancillary revenue code 0229.

For the add-on payment, the Department defines a person with bariatric special needs as:

- A person with a body mass index (BMI) greater than 40 (morbidly obese) and one who needs assistance with three or more ADLs that require two or more staff members to provide routine care.

The add-on payment is limited to in-District facilities, requires the Department's prior authorization for each Medicaid resident, and may be subject to post-payment review. The number of add-on days to be paid on a claim is limited to the number of accommodation days billed on the entire claim. The add-on payment will not be made for leave days. If the facility bills more add-on days than the number of accommodation days on the claim, the add-on payment amount will be cut back to the number of allowable days.

17.4 Billing for Hospice Services

If an LTC patient has been placed into hospice, the hospice provider must bill hospice services only (revenue code 0651). The long-term care facility must bill for the hospice room and board (revenue code 0659). Hospice services (including Hospice room and board) require prior authorization. This requirement applies to all nursing facilities, including those outside the District serving DC Medicaid patients.

17.5 Reimbursement of Nursing Facilities

- A. Each nursing facility shall be reimbursed on a prospective basis at a patient specific per diem rate for all services provided, except prescription drugs. The per diem rate shall be developed by establishing a base year case mix neutral per diem rate for each facility, as defined in State Plan Attachment 4.19-D. The facility per diem is adjusted for patient acuity during pricing in MMIS. The acuity adjustment is based on the reported RUG category on the claim for services. A facility may also receive an add-on payment for each resident: receiving ventilator care pursuant to the requirements as set forth in Sections IX through XI of the State Plan; identified as behaviorally complex pursuant to the requirements in Sections XII and XIII of the State Plan; or identified as bariatric pursuant to the requirements as set forth in Sections XIV and XV of the State Plan.
- B. For specific cost report instructions, refer to the DHCF Nursing Facility Cost Report Instruction manual located online at www.dc-medicaid.com under Provider Information and Forms.

17.6 Reimbursement of Bed-hold Days for Out-of-State Nursing Facilities

Reimbursement for services provided to District residents in out-of-state nursing facilities is governed by the District of Columbia State Plan, Attachment 4.19D, Part I, Section XVII.A. This section provides that if a facility is located outside the District of Columbia, the facility must be reimbursed for care rendered to a District Medicaid resident in accordance with the Medicaid reimbursement policy of the state in which the facility is located. This means that if the nursing facility is in Maryland, then the District of Columbia's Medicaid program will pay the nursing facility for bed-hold days based upon Maryland Medicaid's reimbursement policy for bed-hold days.

Refer to Transmittal #12-23 for additional information.

18 Remittance Advice

The remittance advice is a computer-generated document that displays the status of all claims submitted to the fiscal agent, along with a detailed explanation of adjudicated claims. This document is designed to permit accurate reconciliation of claim submissions. The remittance advice, which is available weekly, can be received electronically through the Web Portal.

- Mailer Page
- Header Page
- Provider Messages
- Claim Detail Report will include the following when applicable:
 - Paid/Denied Claims
 - Suspended Claims
 - Provider Adjustments/Legends

Provider Messages

The third page of the RA, as shown below, is used to display messages from DHCF and the FA to Medicaid providers. This page is used to address changes in billing procedures or program coverage. Not all RAs will contain a message. Any information listed here will be valuable in facilitating the filing of claims to Medicaid and to provide information on the Medicaid program.

Page Header Information

The Remittance Advice will consist of three different sections: Paid/Denied Claims, Suspended Claims, and Provider Adjustments/Legends Page. The Page Header information will be similar throughout the Remittance Advice; however, the last line in the top middle section of the RA header will indicate the specific section of the RA. The similar fields are as follows:

Claim Detail Report

Paid/Denied Claims

Paid claims are line items passing final adjudication. Claims may be paid as submitted or at reduced amounts according to the Medicaid program's reimbursement methodology. Reduced payments will be noted on the RA with the corresponding edit code for explanation.

Denied claims represent those services that are unacceptable for payment. Denials may occur if the fiscal agent cannot validate claim information, if the billed service is not a program benefit, or if a line item fails the edit/audit process. Denied claims may be reconsidered for payment if a health care provider submits corrected or additional claim information. Services denied on the RA appear on one line. A

service may be reconsidered for payment if errors were made in submitting or processing the original claim.

Table 8: Remittance Advice Adjustments Table

Field Name	Description
BENEFICIARY NAME	Patient name
MEDICAID ID	Medicaid's beneficiary ID for this patient
TCN	Transaction Control Number that uniquely identifies the claim
PAT ACCT NUM	Patient Account number
MED REC NO	The submitting provider's medical record number as referencing this claim
DATES OF SERV	First and last dates of service for this claim
TOB	Type of bill
SVC PVDR	Servicing provider ID
SVC PVDR NAME	Servicing provider name
SUBMITTED AMT	Total charges submitted for this TCN
FEE REDUCTION AMT	The difference between the submitted amount and the paid amount
PAT RESP AMT	Amount payable by patient
TOT PAID AMT	Total amount paid on this TCN. (For balancing, this should equal Submitted Charges minus Adjustments.)
STATUS	Claim Status (Paid – Denied – Suspended)
LINE	The line-item number on the claim
PROC	The line-item procedure code if applicable.
TYPE/DESC	The type of code listed in the PROC field.
M1, M2, M3, M4	The procedure code modifiers.
REVCD	The line-item revenue code if applicable.
THCD	The tooth code if applicable.
SVC PROV	The line-item Servicing provider ID
PROV CONTROL NO	The line-item control number submitted in the 837 which is utilized by the provider for tracking purposes. (REF02 qualifier 6R in 835)
DATES OF SERV	First and last dates of service for this line item
LINE UNITS	Number of units
LN SUBM AMOUNT	The line item submitted amount.
FEE REDUCTION AMT	The difference between the submitted amount and the paid amount
LN PAID AMOUNT	Amount paid for this line item
LN STATUS	The line-item status
REF : ORIGINAL TCN	The TCN that is being adjusted.
DRG CODE	DRG Code. (Not currently used).
DRG WEIGHT	DRG Weight. (Not currently used).
EXCEPTION CODES	The line-item exception codes
EXPLANATION OF BENEFITS CODES (EOB)	The line-item EOB codes

THIRD QUARTER	The total amount of adjustments and/or voids for the third quarter (July – Sept) in the calendar year.
FOURTH QUARTER	The total amount of adjustments and/or voids for the fourth quarter (Oct – Dec) in the calendar year.
EXCEPTION LEGEND	Full description of any exception codes (denial reason codes) listed on this RA
EOB CODE LEGEND	Full description of any explanation of benefit codes listed on this RA

18.1 Inquiries

When making written and telephone inquiries related to RA status, providers must provide Conduent with the date of the RA and the TCN for the claim in question. All written inquiries should be mailed to the Provider Inquiry P.O. Box listed in Appendix A.

18.2 Instructions for Submitting Adjustments and Voids

An Adjustment/Void claim is submitted when the original paid claim was filed or adjudicated incorrectly. Denied claims cannot be adjusted. All adjustment claims must be filed within 365 days of the date of payment. There is no timely filing limit on submitting voids. Voids may be submitted at any time.

Adjustments and voids can be submitted by paper or electronically using the Web Portal, WINSASAP or third-party software. Refer to the Web Portal Quick Reference Guide or the WINSASAP Guide for submitting adjustment and voids online or electronically.

To indicate an adjustment or voided claim, the following information must be recorded in field locator 80.

Code	Definition
A	Adjustment
-or-	
V	Void
-and-	

TCN 17-digit Transaction Control Number and 3-digit reason code from the list below

When submitting an **adjustment** for a previously paid claim that is processed under your NPI, you must submit your adjusted claim in the same manner.

- Use the UB04 claim form.
- Indicate the letter “A” for adjustment, the Transaction Control Number of the current paid claim followed by the appropriate adjustment reason code in the Remarks field locator 80.

- If completing the UB04, enter the billing address including the +4-zip code of the pay-to-provider in Field Locator 1, enter the billing (pay-to) provider's NPI in field locator 56, and the taxonomy code in field locator 81CC preceded by the B3 qualifier.

When submitting a **void** for a previously paid claim that is processed under your NPI number, you must submit your adjusted claim in the same manner.

- Indicate the letter "V" for void, the Transaction Control Number of the current paid claim followed by the appropriate adjustment reason code in the Remarks field locator 80.
- If completing the UB04, enter the billing address including the +4-zip code of the pay-to-provider in Field Locator 1, enter the billing (pay-to) provider's NPI in field locator 56, and the taxonomy code in field locator 81CC preceded by the B3 qualifier.

18.3 Submitting Claim Refunds

DHCF's preferred method for a provider to refund the program for claims paid in error is for the provider to void the claims instead of submitting a check to DHCF. Overpayments will be deducted from the available claims' payment balance. Voids may be submitted online, electronically or hardcopy. Note: Timely filing rules are not applicable for submitting voids.

APPENDIX C: IVR INSTRUCTIONS

The Department of Health Care Finance Medicaid Branch determines eligibility for the DC Medicaid Program.

Providers should verify the beneficiary's name and identification number, effective dates of eligibility, services restricted to specified providers, and whether other insurance is on file (commonly referred to as third party liability) before rendering services.

Beneficiary eligibility may be verified by calling the Interactive Voice Response System (IVR) using a touch-tone telephone and entering the beneficiary identification number found on the beneficiary's Medical Assistance ID card. The IVR is available 24 hours a day, seven days a week with an unlimited number of inquiries being performed per call. The IVR may be used up to 30 minutes per call. Providers should also have their DC Medicaid provider number or NPI number ready.

To access the District of Columbia Government Medicaid IVR, dial (202) 906-8319 (inside DC Metro area) or (866) 752-9233 (outside DC Metro area) from your touch-tone phone. Select one of the following options listed below and follow the prompts. The system will prompt you to enter your nine-digit Medicaid provider number or 10-digit National Provider Identifier (NPI) followed by the pound (#) key.

- Press 1 - To verify beneficiary eligibility and claims status.
- Press 2 - If you are a new provider and would like to enroll or if you are changing your provider number, contact MAXIMUS at 844.218.9700.
- Press 3 - For EDI Technical Support Services
- Press 4 - For all other questions.

Once you have concluded your inquiries, record the confirmation number provided at the end of the call.

APPENDIX D: GLOSSARY

The following terms are used throughout this manual. The definition relates to the term used in the DC Medicaid Program:

ACA – Affordable Care Act was signed into law by President Obama on March 23, 2010, it aims to bring comprehensive and equitable health insurance coverage to many Americans. The ACA guarantees.

ADA – American Dental Association

Adjustment – A transaction that changes any information on a claim that has been paid. A successful adjustment transaction creates a credit record, which reverses the original claim payment, and a debit record that replaces the original payment with a corrected amount; a change submitted because of a billing or processing error.

ANSI - American National Standards Institute

Approved - A term that describes a claim that will be or has been paid.

ASC - Ambulatory Surgery Code

Buy-In - The process whereby DHCF authorizes payments of the monthly premiums for Medicare coverage.

CFR – Code of Federal Regulations

CHAMPUS - Civilian Health and Medical Program of the Uniformed Services

CHIP – Children's Health Insurance Program is a program administrated by the US Department of Health and Human Services that provides matching funds to states for health insurance to families with children. CHIP provides low-cost health coverage to children in families that earn too much money to qualify for Medicaid.

Claim - A request for reimbursement of services that have been rendered.

Claim Status - The determined status of a claim: approved, denied or suspended.

Claim Type - A classification of claim origin or type of service provided to a beneficiary.

CLIA – Clinical Laboratory Improvement Amendments

CMS - Centers for Medicaid and Medicare Services

CMS1500 - Claim form currently mandated by CMS, formerly known as HCFA-1500, for submission of practitioner and supplier services.

Conduent – is the fiscal agent for the DC Medicaid Program (formerly known as Affiliated Computer Services)

Cost Settlement – Refers to a reimbursement method in which the reimbursement is made on actual cost information.

Covered Services - All services which providers enrolled in the DC Medicaid program are either required to provide or are required to arrange to have provided to eligible beneficiaries.

CPT - Current Procedural Terminology code

Crossover - The process by which the Medicare intermediaries and Medicare carriers supply Medicaid with the deductible and co-insurance amounts to be paid by Medicaid.

DCAS – District of Columbia Access System

DCID - District of Columbia's eight-digit beneficiary ID number

DCMMIS - District of Columbia Medicaid Management Information System

Denied – A term that describes a claim that results in nonpayment.

DHCF - Department of Health Care Finance (formerly known as Medical Assistance Administration (MAA). The name of the local District agency administering the Medicaid program and performs other necessary Medicaid functions.

DHHS - Department of Health and Human Services

DHR - Department of Human Resources

DHS - Department of Human Services

District - The District of Columbia

DME – Durable Medical Equipment

DMERC - Durable Medical Equipment Regional Carrier

DOH - Department of Health

DRG - Diagnosis Related Grouper

Dual-eligible - individuals who are entitled to Medicare Part A and/or Part B and are eligible for some form of Medicaid benefit.

DX - Diagnosis Code

EDI – Electronic Data Interchange

Emergency - Sudden unexpected onset of a condition requiring medical or surgical care that may result in permanent physical injury or a threat to life if care is not secured immediately after the onset of the condition or as soon thereafter.

Enrollment - The initial process by which new enrollees apply for managed care or provider enrollment.

EOMB - Explanation of Medical Benefits

EPSDT – The Early and Periodic Screening, Diagnosis, and Treatment is a Medicaid initiative that provides preventative healthcare services for children.

ESA – Economic Security Administration (formerly known as Income Maintenance Administration), through an MOU with the Medicaid agency, has the responsibility to determine eligibility for all medical assistance programs. They also determine eligibility for SNAP, TANF, childcare subsidy, burial assistance and many more.

FFP – Federal Financial Participation: the Medicaid program is jointly funded by the federal government and states. The federal government pays states for a specified percentage of program expenditures.

FQHC – Federally Qualified Health Center

HBX – Health Benefits Exchange: the entity that administers and oversees the online marketplace for District residents and small businesses to enroll in private or public health insurance options. The District's Health Benefit Exchange will allow individuals and small businesses to compare health plans, to learn if they are eligible for tax credits for private insurance or health programs like DC Healthy Families/Medicaid, and to enroll in a health plan that meets their needs.
