

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Department of Health Care Finance

Office of the Senior Deputy Director and Medicaid Director

Transmittal 26-01

TO: DC Medicaid Providers

FROM: Melisa Byrd *M.B.*
Senior Deputy Director and Medicaid Director

DATE: January 1, 2026

SUBJECT: 2026 HCPCS/CPT Code Updates

Purpose

The Centers for Medicare and Medicaid Services (CMS) releases modifications of the Healthcare Common Procedure Coding System (HCPCS) code set annually. Level I of the HCPCS are CPT (Current Procedural Terminology) codes, maintained by the American Medical Association (AMA), that are used primarily to identify medical services and procedures furnished by physicians and other health care professionals. Level II of the HCPCS is a standardized coding system that is used primarily to identify products, supplies, and services not included in the CPT codes, such as ambulance services and durable medical equipment.

Details

For additional information about the HCPCS code set, please visit the CMS website at <http://www.cms.hhs.gov/MedHCPCSGenInfo/>

The Department of Health Care Finance (DHCF) will adopt new CPT/HCPCS codes for all services for dates of service beginning *January 1, 2026*. The AMA added a new Telemedicine Services category to the Evaluation and Management (E/M) section of CPT effective January 1, 2026. DHCF did not cover these codes. Rather, all requirements laid out in [Transmittal #23-11](#) will remain in effect for telemedicine services. Discontinued codes for all services will not be accepted after *December 31, 2025*. Final coverage decisions for some new codes may be pending release of Medicare pricing information. Changes to coverage for existing codes during 2025, not otherwise posted via a separate transmittal, are also included in this transmittal.

The new codes will be priced according to the District of Columbia's Medicaid State Plan, (See Attachment 4.19B, Part I, Pages 13-14), which stipulates that most physician services (including anesthesia services) are reimbursed at 80% of the Medicare rate as established by the CMS. For anesthesia services, the conversion factor will be updated to \$17.65 effective for dates of service January 1, 2026, through December 31, 2026.

The listing of new, discontinued, and revised 2026 CPT/HCPCS codes with their associated short descriptions and Medicaid coverage status (for new codes) is attached to this transmittal. For long descriptions, please consult your CPT and HCPCS resources. This transmittal with the list of CPT/HCPCS changes for 2026 will also be available at the DC Medicaid website <http://www.dc-medicaid.com> by January 2, 2026.

The 2026 full fee schedule will be available beginning on January 14, 2026, on the DC Medicaid Web Portal.

Contact

For questions, please call the Conduent Provider Inquiry Unit at (202) 906-8319 (inside DC metro area) or (866) 752-9233 (outside DC Metro area).
